RETURN OF PHOTOS

Dear Brothers:

We receive numerous requests for return of photos. In most instances we make an all out effort to comply with your wishes. This however; entails an expense that is not compatible to our budget. With the continuous expansion of the "Oracle", we find that we can no longer absorb this cost. Thus we are requesting that in the future, requests for return of photos must be accompanied with the necessary postage.

This can be determined by your initial cost when you mail the material to our office. A self addressed envelope will be highly appreciated.

TO CHAPTER EDITORS AND OTHER INTERESTED BROTHERS

RE: Color Transparencies

December 1964 and May 1965 Oracle

We received great pleasure from the response of our appeal for color transparencies suitable for the front cover. In all fairness, I must report that there is a technical question we failed to fully explain.

No. 1—It was requested in the December issue of the "Oracle" that transparencies were to be received by this office 30 days before deadline.

No. 2—It was requested in the December issue that you consult your local photographer for an explanation of the differences between a color transparency and a color negative.

No. 3—There is no reference to the sending of color photographs.

We therefore feel obligated to try as briefly as possible to clear the air in order that there will not be any ill feelings towards this office.

To Answer Points No. 1 and 3

An enlargement can be made directly from a color transparency and also from this point another negative suitable for making a color plate can be made which lessens the expense involved. This process is expensive and slow; consequently, we can not wait until the regular deadline to start processing the negatives.

On the other hand a color negative can only be used for making other color prints. The cost is prohibited to us to have a color transparency made from the color negative—whereas the cost to you is negligible if a color transparency is ordered when you submit your original negative to your photographer for developing.

Please do not send color photographs.

NOTICE!

We have been receiving many requests for the changing of addresses in THE ORACLE, and also that we mail ORACLES to certain addresses. We appreciate your concern, but there is not anything we can do about it.

According to procedures any such changes must be recorded first at the National Office. We have no way to know if you are to receive an ORACLE or whether you have followed the proper procedures in registering the name changes of officers. So please let the National Office know of your request, not us.

The Oracle Salutes

In 1949, when the Fraternity started a new type service office, a young man was chosen, unanimously, to fill this office. He has continued in this capacity for 16 years.

During this time we have seen the Fraternity grow into its present eminence in Greekdom. Being as modest as he is it would be improper to try to give him credit for this growth; but on the other hand, one must say that he has been the steadying influence which has stimulated you to your great heights. His untiring co-operation with you should set an example for all the brothers.

On November 6, 1965, the Supreme Council, in official session, unanimously re-elected him for another four year term. To me this was a fitting tribute to Brother H. Carl Moultrie I, popularly known as "H" Carl, our National Executive Secretary. The Oracle is proud to salute him.

Scholarship Commission Announces Awards

At its recent Washington meeting the Fraternity's Charles R. Drew Scholarship Commission awarded four \$500.00 scholarship grants respectively to Richard Allen Beane, a second year dental student at Howard University, Willie Leroy Rhines who is studying at the Union Theological Seminary, St. George Crosse, a matriculant at Howard University's Medical School, and Calvin Morris a student at Boston University's School of Theology. In addition the incentive grants of \$150.00 were awarded to seven district scholars—the first district's Randolph Cross, the

second district's William H. Godfrey, the third district's Charles Delmar Roberts, the fifth district's William H. Blakey, the sixth district's James W. Mitchell, the seventh district's James Curtiss Jones and the eighth district's James Edwin Bailey. The Commission's examination of District reports in light of minimum essentials for an "adequate district scholarship program," resulted in four matched awards second, sixth, seventh and ninth districts.

In Memoriam

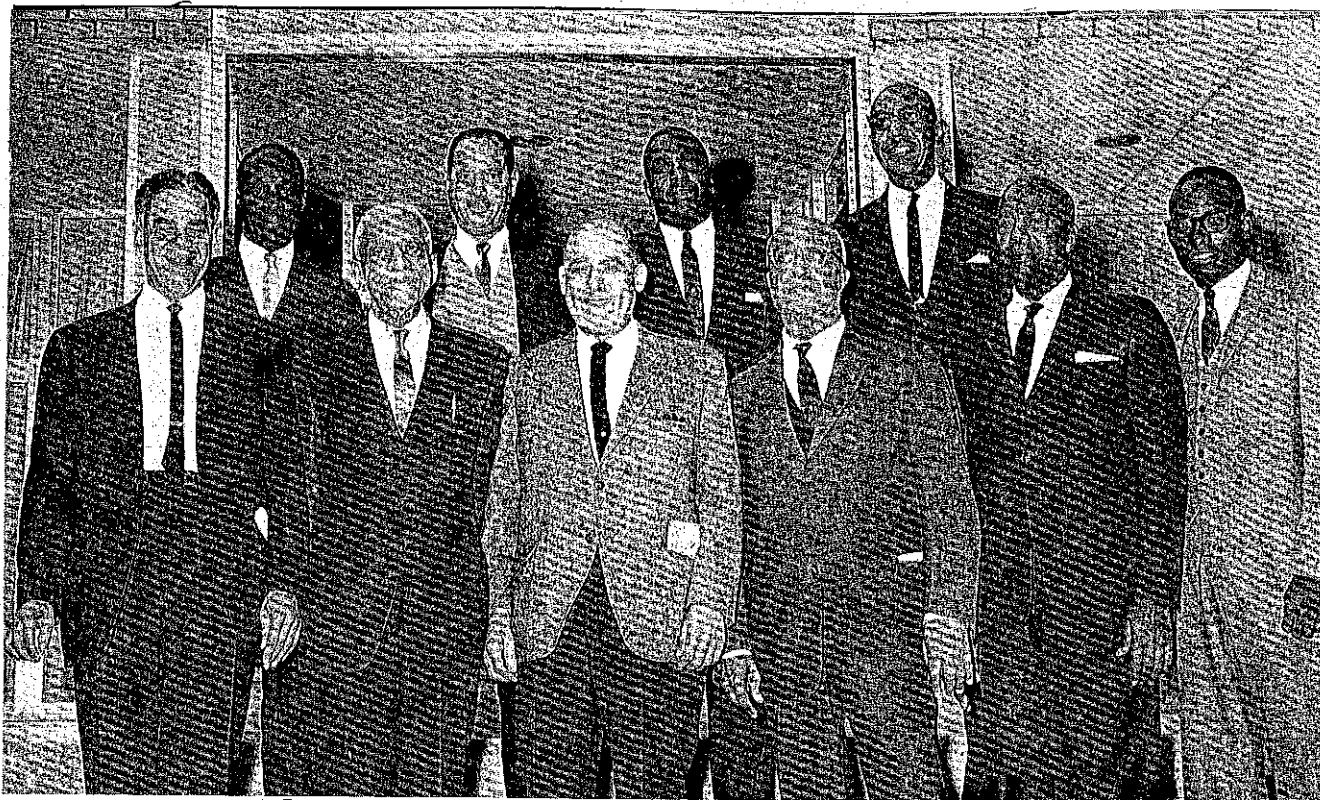

It is impossible to estimate how much a man of so many enthusiasm and accomplishments will be missed by the brothers of Omega Psi Phi Fraternity. Brother I. Gregory Newton was not only a strong force in the fraternity, he was a strong force in the main streams of American life. He made his contribution to mankind by serving as a soldier, civic leader and educator.

Brother I. Gregory Newton would have been progressive, forceful and respected in any field or profession. His perception, his compassion and his strength made him a giant among educators and leaders

Season's Greeting

It affords me great pleasure to send my warm personal greetings to all Omega men and to their families.

All that you have done to make Omega a great Fraternity is, I assure you, appreciated by the Supreme Council.

I trust that Christmas of 1965 will be a happy one for you and that the New Year will bring to Omega men every where peace and good will in abundance.

REMARKS OF THE GRAND BASILEUS AT MEMORIAL SERVICE FOR BROTHER HERSHELL W. "RIPP" DAY AT CHURCH OF THE MASTER, NEW YORK CITY

Hershell W. Day, more affectionately known as "Ripp" was a man who wore several hats. He was a school teacher, a promoter, a salesman, a fraternal man, a hail fellow well met and a leader. If he was your friend you knew it and if he was not you also knew it. He spoke his mind, whether his opinion was popular or not. He would fight for what he felt was right and willingly accepted the majority opinion if you convinced him he was wrong.

He loved the name "Ripp". He wore it well and with distinction. As a teacher in one of New York City's more difficult public schools, he was outstanding. His decision to resign was reluctantly accepted. He had earned the reputation of being a good disciplinarian. I recall one occasion on which he was called in, after he had resigned, to aid in the recovery of a teacher's pocket book and pay check that had been stolen. "Ripp" agreed to help if no questions were asked of him. In fifteen minutes he recovered the purse and all its contents.

"Ripp" and I were close friends for 20 years. There were not many weeks that we did not talk to each other at least once. I, like many of you, will miss him. In fact I already have missed his several phone calls.

I am sure "Ripp" would not want us to mourn his passing. I say to the family

and friends we all have lost an unusual friend. We will always fondly cherish his memory. My prayer is that God will see him safely into Omega Chapter.

REMARKS OF THE GRAND BASILEUS AT MEMORIAL SERVICE FOR BROTHER I. GREGORY NEWTON AT WASHINGTON, D.C.

In silent grief and deep sorrow, We, the Supreme Council of The Omega Psi Phi Fraternity, Inc., in behalf of our dearly beloved Past Grand Basileus, Brother I. Gregory Newton, who was taken from our midst, Sunday, October 3, 1965. Brother Newton, who was so lately with us, and so unexpectedly removed from among us, will long be a part of all of us, in spirit, if not in flesh. Though no longer will his presence be heard or seen, he shall nevertheless walk in our company throughout our days. For his was a friendship that endured our times and is now only temporarily interrupted. May the blessings of all that we hold dear and believe in, be Brother Newton's grant in Eternity — and may the uncertainties and burdens of mortals become happily clear as he travels his way into Omega Chapter.

NORTHERN COLLEGES SEEK TO DRAW MORE NEGROES FROM SCHOOLS IN SOUTH

(From The Wall Street Journal)

Janice Willis, James Lewis and Myron Thompson are in the ranks of the freshman forces mustering at Ivy League colleges this month. But chances are no

one will pay an inordinate amount of attention to them.

For the three young Negroes are being joined by enough others of their race so that, unlike in past years, their presence isn't especially noteworthy. In fact, Negroes this year account for about 3 percent of the acceptances at the eight Ivy League colleges and their seven sister schools. Not a whopping percentage, admittedly, but almost twice the rate of last year and a far cry from the one or two Negroes that had been a staple for many years at most private colleges in the North.

Nationwide, the number of Negroes enrolling in interracial colleges this fall is up 70 percent from last year, according to the National Scholarship Service and Fund for Negro Students. The rise reflects desires for a college education by an increasing number of Negroes, but, more notable, it points up a vast Negro-recruiting drive, especially in the South, by Northern schools.

Miss Willis' Choice

Miss Willis, for example, the 17-year-old daughter of a steelworker who lives in a Negro area near Birmingham, Ala., was accepted by Cornell University, Byrn Mawr and several Southern schools. "All offered very good scholarships," she says. "I heard from one four days after applying." She finally chose Cornell, where she has a \$3,000-a-year scholarship and a \$300-a-year loan.

The girl was a prime catch: She ranked first in her high school class, was treasurer of the student council and winner of a host of honors and awards. She is typical of the type of Negro the colleges are seeking, in contrast to a few years ago when the competition was pretty much limited to the football captain. "Now, the all-state quarterback often sits on the bench while the all-A student becomes the colleges' first draft choice," says one college admissions officer.

• TWO ASPECTS OF OMEGA PSI PHI •

Brother Walter I. Murray, Ph.D.
Traveling District Representative

The Setting:

The place and the function of Omega in American colleges, universities, and graduate chapters today is not widely understood. Both collegiate and public press have relished the opportunity to present the "un-American" aspects of most fraternities. Those signs that are most frequently cited as characteristic of fraternities today are cliquishness, premature introduction to smoking and drinking, necking parties, excessive card playing, hazing, artificial manifestations of comradery through dress and other superficial habits, disregard for property both public and private, anti-intellectualism, adolescent irresponsibility, ungentlemanly behavior and unjustified financial obligations upon the parents. According to the corridors you habituate, you could add to the list.

In colleges, universities and graduate chapters, we must find other answers for the implementation of desirable qualities of group membership through our organization which are far more flexible and responsive to the immediate requirements of our brothers. College brothers must have well-defined interests which are more likely to seek specific programs that will serve to advance their understanding of social, intellectual and professional problems.

One of the principal opportunities for distinction of Omega from the other collegiate organizations is its dedication to the objectives of **fraternalism**: our four cardinal principles. Although this is our strength, probably this objective is most poorly defined if it is explored at all. . . . If it is defined, it is usually implemented in the most general terms, in the most unscientific manner. The great opportunity lays fallow.

I will not undertake to suggest more appropriate objectives for Omega—those that can be more readily understood—nor will I present a pedagogy for implementing Omega on the local level. Rather, I think an examination of the qualities of Omega as set forth by our beloved founders and its likelihood in the college situation are the first steps to consideration of the value of Omega to college students and to our graduate chapters.

For lack of a substantial definition, I propose that Omega can be considered from two standpoints: the **external** and the **internal**.

In "Hamlet," William Shakespeare has Polonius say to Laertes, "To thine own self be true, and it must follow . . . thou canst not then be false to any man." The Golden Rule states that we must "Do unto others as you would have others do unto you." In the summary of the

moral laws, Jesus said, "Love thy neighbor as thyself." I feel that my proposal for division of fraternalism between the external and internal considerations has good company!

External Omega

By external, I refer to the relationship of an Omega man to his **outer world**. The way he appears to others, the way he affects others, what he contributes to whatever society he identifies himself with—either consciously or unconsciously, that is the external or outer Omega, Dear. This aspect of Omega is probably easier to identify. It includes the program of activities openly displayed to the public by our great fraternity. Some of the characteristics were mentioned in the first paragraph.

The first challenge to Omega men is that of organizing a **program of activities** that will encourage the developments of **acceptable behavior** in a co-educational,

integrated society, among adults, youngsters, those who we consider superiors as well as those who we consider of lesser fortune than our own. If Omega is primarily a social organization, how can it sidestep this responsibility to its brothers?

Secondly, as an offspring of the college community, external Omega should be manifest in its contribution to those things that foster **intellectualism**. This is the climate of the college. Omega should, among its other goals, be dedicated to the purposes of its mother institution. I doubt that one service project during "hell-week" is the proper implementation of such an objective!

What is the score of your chapter on this account? Does your chapter help its members become better students in college through consciously organized and directed programs? Does it in any way contribute to the academic integrity of the college by supporting its honor system, the institution's by-laws, through faithful reporting in its publications? Does the fraternity as an organization lend its support to those activities that belong in an academic community such as open forums, lecture and concert series, field trips and the like? Does your chapter offer facilities or programs that will help students get the most out of their college experience even if they are not members of your group?

Thirdly, as leaders of social conscience on the campus, Omega men should actively work toward an atmosphere of **good fellowship** on the **entire campus**. Are your brothers encouraged to cultivate friendships outside of Omega as well as within it? Are outsiders made to feel at home when they are brought to the apartment or house or are they always outsiders?

I'm afraid that some Omega brothers as a group regard themselves as **superior** while all others are **inferior** when there is little justification for this conclusion. Many Omega men have become **introverted**. Many have become **complacent** rather than **inspired** to action. Of prospective members, they **demand** qualifications rather than contribute to young men those things that make college life a full, satisfying experience. They sometimes **impede** social mobility rather than **encourage** it. They may **withhold** cultural wealth from those who are culturally **needy**. External Omega does not find a home in mass conceit nor in group snobbery. If it does, jealousy and envy will be its victors.

Internal Omega

The internal aspects of Omega are the qualities that I would hope that I would hope that each individual carries away from his fraternity experience as personal capital.

First, an Omega man should learn compassion for a fellow creature regardless of race, color, creed, educational, social or economic background. This compassion is responsive to sorrow as well as to joy, to failure as well as to success, to destitution as well as to wealth—all with lesser regard for the circumstances surrounding the situation.

Second, a person should find at least **one person** whom he may regard as a true friend and brother. Indeed, it would be pleasant if he could find a bevy of persons to fill this common human need, but I hope for at least one. This brother is more valuable than a blood brother for he can see you more objectively, as when you look into a mirror. This person is anxious to share one's deepest thoughts—one's sincerest feelings whether they regard theology, politics, sex, love, dating, marriage, personal finances, fear, petty likes and dislikes and still, through disagreement and personal quarrels the relationship is strengthened. This brother is the rock, the refuge, the strength for us as long as we may live. Years may pass without communication of any kind but upon reunion when there is a need, he is ready with understanding, complete acceptance and unending patience. This person may be your wife (and sometimes I think fraternities are a proving ground for that relationship) or he may be from outside your fraternity membership. In any case, this is the greatest gift of life to any person. This gift is the flesh and blood manifestation of **brotherhood**. It is the quality of relationship that every devoted fraternity alumnus wishes for an undergraduate.

Third, for the Omega man on every campus, I wish that your Omega experience would so temper your thinking and action that your first instinct would

WITH THE NATIONAL EXECUTIVE SECRETARY

H. Carl Moultrie

I. GREGORY NEWTON MEMORIAL

The Supreme Council, in its meeting November 6th, established the I. Gregory Newton Memorial Fund to liquidate the mortgage on the new National Headquarters. A suitable plaque containing the names of all brothers contributing \$100.00 or more to the new National Headquarters will be placed in the lobby of the National Headquarters.

Brother Newton, during his lifetime, thought of the Fraternity and thereby made it the beneficiary of a \$1,000.00 policy. This is the first of such gifts that we know of. It is hoped that thousands of brothers will put their names on this plaque in memory of I. Gregory Newton.

DUES

January 1, 1966 National Dues for graduate brothers will be \$20.00 for five (5) years. The Denver Grand Conclave voted that for a period of five (5) years each graduate brother will pay \$5.00 a year to retire the debt of the National Headquarters.

Brothers who have made a gift of \$25.00 to the Special Gifts Campaign Fund will not have to pay the additional \$5.00 in dues.

ORACLES

We have received more than 300 returned copies of the September issue of the Oracle marked "unknown", "address changed", etc., Oracles are not forwardable — not even next door. They are delivered to the address listed thereon. If we have the incorrect address you will not receive your Oracle. Please make certain that we have your correct address.

BE A LIFE MEMBER

Some years ago the Fraternity established a Life Membership plan at the cost of only \$300.00 payable in advance or \$150.00 in installments of ten years.

The rationale behind the Life Membership Plan was to create a fund by which the Fraternity could use the interest therefrom to expand its services. Won't you help in this matter by becoming a Life Member? Send your \$300.00 today.

CONCLAVE

Plans indicate that the Detroit Grand Conclave is going to be a great one. Please make certain that you have (1) your current financial card, (2) your chapter Delegate(s) properly registered and (3) that you use the card in the September Oracle for pre-registration and hotel accommodations.

ATTENTION: ALL UNDERGRADUATES

Arrangements have been made whereby you will be housed at a special rate. Do not use the card in the Oracle but make your reservations direct to Mr. William Goldsberry, Assistant to General Manager, Sheraton-Cadillac Hotel, Detroit, Michigan. Be sure to state that you are undergraduate.

SPECIAL FOR THE CONCLAVE

The Symposium on Employment Opportunities is a must for you. Some outstanding speakers are going to present employment guides.

SPECIAL ADDRESSES

Inspirational messages will be brought to the Conclave by The Honorable George L. P. Weaver, Assistant Secretary for International Affairs, Department of Labor; William P. Young, Secretary of Labor, State of Pennsylvania; Lawrence A. Oxley, National Council of Senior Citizens.

Panelists for the Symposium on Employment Opportunities are James S. Avery, Community Relations Coordinator, Public Relations Department, Humble Oil & Refining Co.; Walter Davis, Deputy Executive Director, Equal Employment Opportunity Commission; Nathaniel Dickerson, Employment Specialist, General Foods Corporation and William J. Trent, Jr., Asst. Personnel Director, Time, Inc.

SPECIAL FOR LADIES

The Omega Wives and Sweethearts are going all out in Detroit to entertain the visiting Omega Wives and Sweethearts. Included will be a Champagne Sip, regular hospitality hours, Dessert Bridge, Luncheon and Fashion Show and a Tour.

GO GO FOR TEENAGERS

There will be a special room set aside each night for Teenage Go Go. There will be ample chaperones.

UNDERGRADUATE WORKSHOP

The undergraduates of the 4th, 5th and 10th Districts will converge on Detroit December 26th for a one day Leadership Conference. If you are an officer of a chapter in any one of these Districts and have not received the particulars with reference thereto, please contact the Office of the National Executive Secretary immediately.

This opportunity happens but once in a life time. Check for the particulars.

PAN HELLENIC SUMMIT MEETING

At a recent Summit meeting of the National Heads and Executive Officers of the eight member organizations of the National Pan Hellenic Council, a joint statement was issued recognizing the existence of severe initiation problems with undergraduates. A proposed N.P.H.C. Handbook outlining accepted procedures for initiation and the council policy on initiation is a beginning toward an applicable solution. The proposal calls for a contribution from each member organization to defray the cost of the project.

According to the direction of the annual meeting of N.P.H.C. the meeting was held to discuss various question affecting the well-being of member organizations under the endorsed purpose of N.P.H.C.

- (1) To assist college and university administrations in attaining their educational and cultural objectives.
- (2) To maintain on a high plane fraternity life and inter-fraternity relationships.
- (3) To serve as a forum for the consideration of questions of mutual interest to the member organizations.
- (4) To serve as a standard-setting body for the affiliate organizations in the areas of pledging and initiating.

Election of Good Local Officers is the Key

By Clark E. Beck, 4th District Representative

This is especially for the Fourth District — but I think perhaps the entire Fraternity should profit from it when their next chapter election comes around.

Better men in at the chapter levels would decrease the tremendous effort that DR's and National officers must exert — just to keep chapters doing the right things.

ELECTING OUR OFFICERS

OFFICERS WANTED: This notice faces us annually on the chapter and district levels and at each Grand Conclave on the National level. NO organization is so well endowed that it should not be constantly on the search for qualified officers. But what kind of officers? And for what office?

An officers reason for being should be that he can offer a special knowledge and talent to an organization which needs that knowledge and talent. This requires a special talent both in furnishing the necessary dedication and spirit and in applying it to a particular situation.

A successful officer is one part information about the organization, one part desire and interest, and one part diplomat. This is the kind of officer personnel we should constantly seek and which we must find if we are to continue to grow. Each change we make should be an improvement.

Even in these days of extended automation, men are not computers. They can not be completely catalogued and selected by price tag and predetermined ability to perform. Thus, officers should be chosen for their ability to identify themselves with the necessary goals and work of the organization. Under the press of circumstances we sometimes insert someone in the line-up who really doesn't belong there. Officers should be chosen just as carefully and with just as much thought as a coach uses to select the players on his team — when he really wants to win.

Some areas of qualification which should be considered BEFORE and during selection of any officer are:

1. **COMPETENCE** — It would be expected that even to be considered for nomination, a man would do the day-to-day required tasks adequately, and, hopefully that he would be brilliant once in a while. It does not matter greatly whether preparation is from intensive study of the Fraternity structure, organization, and goals or if it came from long experience in progressively more responsible positions. What is of concern, however, is his present level of attainment and his attitude and potential for continuing effort.
2. **CONSCIENTIOUSNESS** — It should be expected that a nominee will be willing to apply his training and

experience to the improvement of the Fraternity. This means that he must perform constructive work between social obligations. Further, we should expect him to have a well developed curiosity that would lead him to questioning the why of things, discovering new answers to old problems, and adventuring into new and unexplored fields to improve the overall organization. In short, he should have self-motivation without continuous stimulation required of his cohorts.

3. **COOPERATION** — It should be expected that a potential officer will work with his associates on a friendly, sharing, and objective basis. A successful organization is based on cohesion — not confusion. This means respect for the opinions of others and a willingness to discuss them. It also means pride of appearance, neatness of dress, and courtesy in conversation. A little spice in an officer, as in food, is appetizing, but too much is conducive to ulcers.
4. **ALTRUISM** — In some offices and in some men, this quality has been a great factor. To be a good officer a man must be a leader who puts the interests, goals, and objectives of the organization before his own when they conflict. Ideally, he will make the goals of the organization his own and never stop advancing. No matter how well a man is qualified in other respects, unless he is able and willing to serve and work for the organization, he will have violated a trust placed in him. As an officer, he must realize that he loses his individuality of person and represents the TOTAL organization. It takes an altruistic man to best serve all the men in our Fraternity whether it be on the chapter, District or National level.

These qualifications, admittedly, are ideals. But we must always strive for the ideal. Few men will really have enough of all these qualities to be good officers. However, there are really only a few offices to fill at each level of our Fraternity. Surely the importance of these few positions justifies our complete unbiased consideration when the time comes to fill them.

If, in fact, we have a shortage of men qualified for these few key positions, then we had best start a development program NOW, before we find ourselves saying, "What we should have done a few years ago is . . ." Although the hindsight method is almost foolproof, it never helps in the present.

Many organizations — social in nature — too often permit their elections to be based on sentiment, socialability, or sectionalism. It should be no surprise, then, that they sometimes settle for less than the best available. What they need to do is find men who have the best combination of the ideal qualifications, give them the bat, and encourage them to keep swinging ! ! !

Two Aspects of Omega

(Continued from Page 8)

be to be his brother's keeper. I do not mean to imply that one embraces each many equally, that each receives his pin, his last cigar or the shirt off his back. I mean that whether in business or profession, as an educator or a doctor, a mechanic or a president, the Omega man objectively attributes to every man an irreplaceable endowment of dignity and inherent worth. The worth may have no immediate value to you but by the virtue of the breath of life in every human being, he deserves the respect of someone's brother.

Summary

Fraternalism in our collegiate chapters as they exist today is rather an on-going search for fraternalism. It must be constantly proved and re-examined. It is poorly explained and is not easily found. It does not come with the shingle or the pin . . . If it does, it is an empty Omega spirit. It is based upon moral law and a belief in unseen things. It comes after a lot of soul-searching, a lot of stumbling and individual heartache. You can be proud of your experience with Omega if through it you gained a deeper sense of fraternalism. My wish is that each one of you can enjoy this priceless gift. Perhaps your present chapter has not given you this sense of which I speak, but I believe we must all be dedicated to its discovery.

FACTS ABOUT DETROIT

According to official 1960 census figures, Detroit's population comprises 1,670,144 out of a Wayne County total of 2,666,297 and a tri-county metropolitan count of 3,672,360. The city population is contained without congestion in a city covering 139.6 square miles, a county of 607 square miles and a metropolitan area of 1,965 square miles.

Comparable 1950 figures show a city population of 1,849,568; county, 2,435,235, and metropolitan area, 3,016,197. As indicated in the population trends, phenomenal development has taken place in Detroit's "bedroom" residential suburbs, which rely on the core city for employment opportunities, merchandise and services that could not feasibly be provided in smaller communities.

Population estimates in 1961 disclosed that two of these suburbs — Dearborn and Warren — had passed the 100,000 mark. Continued growth was forecast for them and for such cities as Allen Park, East Detroit, Garden City, Inkster, Lincoln Park, Oak Park, Roseville, Royal Oak, St. Clair Shores and Wyandotte. Experts said that Livonia, at 71,000 in 1961, would join the 100,000-plus group by 1970.

Detroit in 1961 had a birth rate of 29.4 per 1,000 and a death rate of 10.4. The median age of Detroit residents in 1960 was 33.2; that of the metropolitan area, 29.4.

SUMMIT MEETING—NATIONAL PAN HELLENIC COUNCIL

The port of Detroit in the 1931 shipping season served a total of 764 sailings of 37 domestic and foreign overseas steamship lines, compared with 668 sailings in 1960 and 609 in 1959. With the St. Lawrence Seaway accelerating the flow of overseas traffic to Detroit's door, the city is well equipped to handle world trade and offers such essential services as banking, marine insurance, consular offices, custom brokers and foreign freight forwarders.

Imports and exports pour through the

Michigan Customs District at an annual rate in excess of \$2 billion, and this district usually ranks as the second, third or fourth busiest in the United States. In the last full year for which figures are available, exports topped \$1.3 billion while imports were well over \$77 million.

Detroit is a gateway to Canada, one of its links being the world's only international river tunnel for automobiles, and much of the city's trade is with that country.

Brother Alvin Woods Tau Iota Achievement Day Speaker at Mt. Olive A.M.E. Church

Hartford, Conn.

As a culmination of National Achievement Week, sponsored by Omega Chapters, Bro. Alvin B. Wood, a member of Tau Iota Chapter, Hartford, Conn., was invited to speak to Lambda Rho brothers and the public at Mt. Olive A.M.E. Zion Church on Sunday, Nov. 14th. Bro. Wood is principal of the Fred D. Wish School in Hartford.

The brothers of Lambda Rho observed National Achievement Week by speaking to children at a youth center in a deprived area in Waterbury on the subject of Negro authors; by taking a group of boys to participate in a basketball game at nearby Connecticut Jr. Republic in Litchfield, Conn., by tutoring children who were in need of such assistance and by setting up a games program one afternoon in a youth center. A group of boys were also taken to Meriden School for Boys, Meriden, Conn., to participate in a basketball game. A trip for youngsters to New Britain Teachers College was also planned for the week. Brothers in charge of these activities were K. David Holmes, Bill Evans, Warren Henderson and Al Leach.

Lambda Rho is planning to initiate four pledges in November. They are Curtis Murray, commercial artist, St. Augustine College; Walter Dean, III, elementary school teacher, Central State College; Jesse Davis, Jr., elementary school teacher, New Britain, Conn. school system, Central State College; Carl Robinson, physical education teacher at Meriden School for Boys, South Carolina State, former Negro All-American (football) who played with the San Francisco 49'ers and the Boston Patriots.

We welcome back William "Gus" Gaines who left last year to assume a position in New York State and is now back in this vicinity as assistant superintendent

as a board member of the Massachusetts Society for the Prevention of Cruelty to Children, Visiting Nurses Association and the Dunbar Community organizations.

Bro. Gibbs came to Springfield in 1952. He is a native of New York City, attended public schools there and was graduated from Lincoln University. He also attended Columbia University in New York City.

Brother Andrew H. Griffin, Jr. is Associate Director, Northern Educational Service. A former school teacher in the Springfield Public School System, Bro. Griffin is also well known for his athletic ability having been for many years a star player for local area professional football teams. He is currently playing for the Holyoke Bombers in the Atlantic Coast Football League and has served as an assistant high school football coach for Technical High School.

Bro. Griffin was a candidate for the

at the Meriden School for Boys. "Gus" is once again an active member of Lambda Rho Chapter.

We are planning many holiday events including the Annual Holiday Hop for college students to be held during the Christmas season and the Mid-Winter Dance to be held sometime in February.

Lambda Rho brothers would like to thank our Quettes who have always been ready and able to assist us with our undertakings. We appreciate their gracious assistance and sincere interest.

Lambda Rho Quettes Give Food to Needy Family

Waterbury, Conn.

Lambda Rho Quettes are busy making plans to present a needy family with a Thanksgiving basket and to present gifts to the elderly as a Christmas project.

The Quettes served as hostesses for the chapters National Achievement Week program during which Alvin Wood, Hartford, spoke at Mt. Olive A.M.E. Zion Church. Refreshments were served after the program.

We are happy to have back with us Landonia ("Lan") Gaines whose husband, "Gus," was a charter member of Lambda Rho. The Gaines moved last year to New York State and returned recently to Connecticut. We are also pleased to have as a member, Sarah Lovelace, whose husband, Dr. Theodore Lovelace has been a member of Omega for many years and joined Lambda Rho last spring. Sarah is librarian at Waterbury Hospital and a member of AKA Sorority.

We are looking forward to greeting three new members whose husbands will join Lambda Rho in November. They are Mrs. Curtis Murray, Mrs. Jesse J. Davis, Jr., and Mrs. Carl Robinson.

The wives of Delta Chi are active again this year and are in the midst of program planning and assisting the brothers at their functions. Officers serving this year are: Mmes. Gail Taliaferro, president; Eleanor Jenkins, secretary; Gladys Faniel, treasurer, and Pauline Reece, program chairman.

The first activity of the year sponsored by the Quettes was a halloween party given at the home of Bro. and Mrs. John Jones. Co-hostesses for this event were Mrs. Caulton and Mrs. Spence.

Two Brothers Bid For Springfield, Mass. Election

Left to right: Brothers Andrew H. Griffin Jr., Rev. Charles E. Cobb, Chester N. Gibbs.

Springfield, Mass.

The fall elections in Springfield took on new meaning for Delta Chi when three of her Brothers announced their candidacy for municipal offices and although these Brothers were unsuccessful in their quest to serve the people of Springfield, they proved to be able campaigners as they debated the issues before the electorate.

Brother (Rev.) Charles E. Cobb, pastor of St. John's Congregational Church was a candidate for the office of mayor. The first Negro to seek the office of mayor in Springfield, Bro. Cobb concentrated his campaign in the area of Civil Rights basing his candidacy on "a widening gulf between the Negro and white community."

Bro. Cobb has been a resident of Springfield since 1951. He assumed his ministry of St. John's Church at that time and in 1954 was instrumental in the establishment of Delta Chi Chapter. A veteran civil rights leader in Springfield, Bro. Cobb is the president of the Pastors' Council, which represents nine Negro Churches; former member of the Board of Welfare commissioners Springfield Department of Public Welfare; member of the local chapter of the NAACP and holds membership in other civic and community organizations.

A native of Durham, North Carolina, Bro. Cobb received a B.A. degree from North Carolina College and a divinity degree from Howard University. Bro. Cobb also has a master of sacred theology degree.

Gamma Chapter Gives Review

Boston, Massachusetts

Greetings Brothers in Omega,

Fall, 1965 has come and with it, memories that will loom high in the annals of Gamma history. Let us join in a quick re-cap.

Bro. Allen R. Sullivan, past second vice D.R. of the First District has entered Syracuse University's graduate school and is doing well. Before he departed from Boston, he was feted by the brothers of Gamma Chapter and their sweethearts. A "night on the town" was the prescription for the soon-to-be-nostalgic Bro. Sullivan. The evening ended up at his home where pictures were taken, and songs were sung under the auspices of the blessed cup of Omega Oil.

Boston realized a bumper crop of students this fall semester and as usual, the eligible students turned their eyes toward Omega. The Gamma Fall Smoker proved to be quite successful and from it we received twenty interested men at the interviews.

This article would be somewhat amiss if special mention was not made of the proceedings at the smoker held on Oct. 16th. A program featuring 1st District Representative, George R. White and Bro. Harold N. Dupee kept the prospectives immersed in Omega while a sumptuous meal was being served by the Gamma Sweetheart, Joyce Waitower and her court. The earlier part of the evening reached its high point when the Brothers of Gamma sang before a vast audience of females that had come to partake in the post-smoker activity. The brotherhood provided a melodious and fitting background for Bro. Calvin Morris who literally "performed." Although he had just recently recovered from a throat operation he managed to stir every Omega fiber within earshot as he led the chapter in the "Omega Chant."

Bro. Basileus Legrand Hines feels that Gamma will scale to greater heights and such will be noticed by all when the Grand Conclave meets in Boston in 1967.

The month of November holds much for Gamma chapter. Sunday, Nov. 21, Iota Chi and Gamma chapter will hold their Achievement Week program and will climax it with Grand Basileus George E. Meares speaking at a dinner in his honor.

Wednesday, Nov. 24, at 7:30 a.m., Bro. Richard T. Mullins, Second Vice District Representative and Gamma Editor to the Oracle, will take as his bride the lovely Charlotte Ann Price.

Saturday, Nov. 27, a testimonial dinner and Omega "get-together" will be held in honor of three prominent Omega men. The honorees will be Lloyd H. Bell, Ph.D., candidate at Dusquene University, Louis S. White, Boston Attorney and Allen R. Sullivan, M.A. candidate at Syracuse University. As outlined by the planning com-

mittee headed by Bro. Leon Nelson, "this will be an affair which will join graduate and undergraduate brothers for an evening of merriment in true Omega fashion and will aid in our never-ending task of uplifting our beloved fraternity."

Brother Hines has lived up to his promise of putting back the essence of fraternity into the word. Gamma's social activities have moved from being strictly the cash earning type (although a small capital gain is always realized) to a kind of affair at which the public can witness 30-40 exemplars of brotherhood, over which an aura, so inexplicable, prevails. This is Gamma Chapter.

Iota Chi Chapter Sees Banner Year

Boston, Mass.

Iota Chi Chapter has elected a new slate of officers and is off and running towards what looks like another banner year. Elected were: Gerald Hill, Basileus; Charles Martin, Vice-Basileus; William Byard, KRS; Alonzo Hilliard, KF; Elmer Kountze, Chaplain; Louis White, Keeper of Peace; George R. White, Chapter Editor.

Plans have been set in motion for a December Christmas Party for the brothers and their wives/sweethearts and for a March Reactivation Smoker. In November the Grand Basileus and Mrs. Meares have been invited to be the guests of honor at the annual Achievement Week banquet to be held at the Maridor in Framingham, Mass. The chapter has begun its preliminary program for the 1967 Grand Conclave to be held in conjunction with Eta Phi and Gamma chapters at the Sheraton-Boston Hotel. The Sheraton-Boston located at the end of the Massachusetts Turnpike, is Boston's newest 1000 bedroom hotel with the view from every room overlooking a part of the city.

The major emphasis of the chapter program as outlined thus far is on reclamation of inactive brothers. The chapter has adopted a new approach to this age old problem—that is—a program of service to the brothers. It is hoped that a program centered around spectator and participating sports, involving also the distaff side, and beneficial to the community will rekindle the flickered flame of fraternalism. The scheduled activities for the remaining year therefore include a February Wives-Sweethearts Banquet, a chapter bowling team, a chapter scholarship program, a cook-out in the summer, and a challenge to the undergrads to a softball game. The spirit of brotherhood is kept viable through the rotation of monthly meetings at the homes of the brothers.

Iota Chi Chapter Gets New Basileus; Bro. Gerald Hill

Bro. Gerald Hill

Boston, Mass.

Bro. Gerald Hill of Boston, Mass., has been returned to the office of Basileus of Iota Chi Chapter following a dynamic and progressive first term in the chair. Bro. Hill has brought imaginative and challenging programs to the forefront of chapter activity. His scope of community activity is wide and varied. Bro. Hill serves on the Trustee Board of the Ebenezer Baptist Church and is an integral part of the Anti-poverty program in Boston. He received his B.A. in History from Fisk University in 1956 and his M.Ed. from State College at Boston in 1963. Bro. Hill teaches in the Boston School system and is assistant coach at one of the local high schools.

FACTS ABOUT DETROIT

As computed from sales-tax records by the Detroit News, retail sales in the Detroit area in 1961 totaled \$4,531,205,000. This comparable figure for 1960 was \$4,944,882,000, for 1959 it was \$4,905,699,000, for 1958 it was \$4,445,758,000, and for 1957 it was \$4,895,425,000.

In 1961, merchants shared the retail sales dollar as follows: Automobile, \$742,211,000; apparel and accessories, \$266,282,000; building material and farm equipment, \$302,259,000; eating and drinking places, \$384,367,000; drug stores, \$198,324,000; foods, \$1,300,935,000; furniture and appliances, \$194,319,000; gasoline stations, \$287,529,000; general merchandise, \$565,651,000, and miscellaneous retail stores \$288,328,000.

A continuing high market for all manner of merchandise is forecast in view of the fact that a third of the metropolitan area's residents are under 15 years of age and only 7 percent are over 65.

Basileus of Iota Phi Is Elected To Judgeship

Bro. J. Warren Watson

Pittsburgh, Penn.
 Brother J. Warren Watson, Basileus of Iota Phi Chapter in Pittsburgh, Pennsylvania, was recently elected to a county judgeship in a closely contested election. Brother Watson's term is 10 years at a salary of \$22,500.

Brother Watson has been a strong fraternity man since he was initiated into Omicron Psi Chapter in Pittsburgh in 1947. He completed his undergraduate work at Duquesne University then went on to get his law degree from Duquesne University in 1953. He is presently on the faculty of this school and intends to maintain this position.

IN MEMORIAM

Brother George E. Meares, Grand Basileus, accepts a check from Mrs. Gladys Erskine Savory, for the Special Gifts Committee, in memory of her late husband, Brother P. M. H. Savory, a member of Xi Phi Chapter. Looking on are Brothers E. B. Weatherless, Basileus, Xi Phi Chapter and Herschel W. "Ripp" Day, Chairman National Advertisement for the Grand Conclave's Official Program. In the background is a portrait of Brother Dr. Savory.

Brother Philip Jones and his wife, Alice, recently completed a most interesting trip around the world. The countries visited included Japan, Taiwan, Hong Kong, the Philippines, Singapore, Malaysia, Thailand, Iran, Lebanon, Jordan, Israel and Greece with stops in New Dehli and London. There were too many new and exciting experiences to elaborate on. In the background of this picture the white posts indicate one of the boundaries of Red China. We suggest, if you contemplate seeing some of the old customs of the East, the Middle East, and the Far East, that you make your trip in the near future. The old adage East is East, and West is West and ne'er the twain shall meet, is just becoming extinct.

Four Honored for Civic Achievements

Newburgh, New York

Four Newburgh men were honored for achievements by the Upsilon Tau Chapter of Omega Psi Phi Fraternity at the A.M.E. Zion Church in Newburgh Sunday.

The awards were presented by John Reavis, acting chairman of the Newburgh membership.

Samuel C. Coleman was master of ceremonies and the Rev. Frank E. Jones, pastor, spoke. The main speaker was Julius McClain.

The four honored were James Bethea, for achievement in business; Ellsworth V. Potter, Sr., for achievement in civil rights; Warren E. Boyd, for achievement in community affairs; and William W. McDonough, for achievement in education.

In citing the recipients for the awards, the fraternity quoted the following information:

Ellsworth Potter worked in industry during World War II, as a welder at the Schenectady General Electric plant and at the Newburgh Shipyards, where he "led the fights to establish integrated unions."

"For many years," the citation said, "this recipient has been deeply committed to combatting forces opposed to civil rights in every field."

Potter works for DuPont and has been president of the NAACP since 1956.

Warren Boyd, a World War II veteran where he served in the Navy, has been active in the Washington Street AME Zion Church since a child and is now chairman of the board of trustees. He is on the board of the Community Workers Association.

Employed by IBM, Boyd was appointed by President Johnson as a member of the Newburgh Selective Service Board.

James Bethea learned the furniture trade in Beacon, rising to the post of foreman. In 1960 he opened a shop on Water Street and his business increased so that he was able to open on Broadway.

"This business man became the first Negro to open and successfully operate a business establishment in the center of Newburgh's business district," the citation said.

William McDonough, vice-principal at Newburgh Free Academy, "has gone above and beyond his job as a high school administrator to see that many Newburgh youth have found better jobs as well as assisting many to further their educational training in technical schools and colleges," the citation read.

"We are paying him honor today," it continued, "for his endeavors in assisting us to encourage Negro high school students to stay in school and go to college, if they have the desire."

The awards, in the form of scrolls, were presented by James S. Avery, second district representative of the fraternity, and a resident of Plainfield, N.J. Avery is a public relations consultant for the Humble Oil Refining Co.

The speaker, McClain, a former national head of the fraternity, emphasized, as did everyone who spoke, the value of continuing education.

His topic, "Our Responsibility for Development of Human Talent," was aimed at the junior and senior high school students who with their parents were guests at the presentation.

News of Kappa Omicron

"NIGHT AT THE RACES"

New York, N.Y.

Brothers and friends of Kappa Omicron Chapter spent a pleasant and (to some) a profitable night at Yonkers Raceway on Sept. 17th. Prior to the races, a delicious dinner was enjoyed at the Good Time Room.

This affair was given to raise funds for the Scholarship Program. The Chapter decided upon this event in lieu of its annual Scholarship Dance. From the response of those who attended and the financial success, the Chapter is looking forward to making this one of the great attractions for the Omegas in the New York Metropolitan Area.

We will not categorically state that Omega Gold who placed 2nd in the third race and paid a handsome sum was for the benefit of Omega, but he was a clear favorite of the group and saved many of the members from having a losing night.

Some of the big winners were Mrs. Albert Aspinall who won on ever race, Bro. Paul Johnson and Bro. William E. Claiborne won the Daily Double, to name a few of the big stakes.

Bro. Harry Denny, Jr., who was attending the races for the first time, had a well prepared tote sheet, but was com-

Kappa Omega Moves Ahead

Harrisburg, Pennsylvania

A calendar of interesting social projects was presented by the social committee, chairmanned by Brother Stanley Womack, at the November meeting.

Four parties, a picnic, two dances — one subscription and one formal, an open

air meeting, and a house to house visit are in the offing. These will provide fun, relaxation, and enjoyment, as well as stimulate good fellowship.

Wives, sweethearts and brothers spent a delightful evening, last fortnight, at the home of Brother Samuel H. Cole. It was

a party for our ladies — our way of saying to them "I love you".

Brother Nathan Waters, treasurer, and brother Harvey J. Reynolds chairman of the 9th annual NAACP Freedom Fund Dinner committee are giving splendid service in the promotion of this event. They, with others aim to make it tops. Brother Wilkins is the speaker.

Serving in the forefront of civic and community life are several outstanding brothers, namely:

Brother James H. Rowland Jr. of the law firm of Rowland & Rowland — a father and son partnership, who is assistant general counsel for the department of Labor and Industry Commonwealth of Pennsylvania.

Brother James H. Rowland Sr., a trustee of the Harrisburg Area Community College; member of the State Board of Education; and recently elected to a six year term as a member of the Harrisburg School Board.

Brother Clarence C. Morrison who is assistant District Attorney, civic leader and fine public servant.

SCENES ON THE BOAT RIDE

Chi Rho Chapter Forms on Long Island

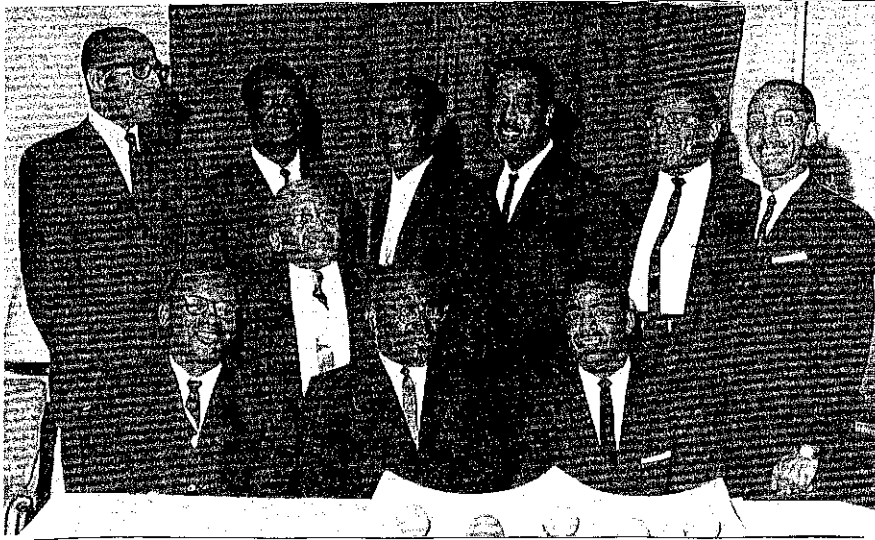

North Babylon, New York

Another landmark in the illustrious history of Omega was made when the officers of Chi Rho chapter of the Omega Psi Phi Fraternity, Inc., were officially

installed on October 29th at the home of Brother Harrison Smith, 58 Wright St., North Babylon, Long Island, New York.

The birth of Chi Rho is a classic example of uncompromising perseverance.

Its origin goes back to 1962 when two brothers, Frank Nichols and Harrison Smith—meeting fortnightly and fortnightly—contacted National office to obtain a list of Omega men who lived in the Eastern Long Island area. Upon receipt of the list a sustained effort was made to contact available brothers but the effort met with little success. This failure, however, only increased the brothers' aspiration to form a new chapter and so the search continued with the able assistance of the deceased wife of Brother Smith, Mrs. Susan Smith. Mrs. Smith contributed greatly to the task by both encouraging the two faithful brothers and informing them of any new brothers that she had met. Finally, after almost three years of diligent work, the chapter was formed and the Charter granted.

Shown above: from left to right—(Standing) Bros. Fred Thomas, Aubrey Green, Dan Henderson, James Lewis, Charles Belfield and Ercell Williams. Front row: (Seated) Bros. Frank Nichols, Clarence Johnson (Standing), Harris Smith and Walter Bailey.

At the ceremonies Brother Daniel Henderson introduced the brothers in attendance. Following these preliminaries, Brother Frank Nichols formally introduced Brother James S. Avery, District Representative of the Second District, who conducted the installation of officers. Brother Avery brought warm greetings to the brothers and paid tribute to the occasion. After brief remarks, Brother Avery then presented Brother George E. Meares, Grand Basileus of the fraternity. The brothers were quite pleased to have the ceremony marked by the presence of the Grand Basileus and listened closely as he inspired them to: participate in the political process, become aware of and actively concerned with the war on poverty, and not to allow middle-class values and status block their identification with the plight of the masses of Negroes in our society. Brother Meares stated that often a failure to identify with the poor result in a failure to comprehend the problems of poverty. He further suggested that the brothers of Chi Rho chapter assume a leadership role in their community and wished them success in their future endeavors.

Brother Avery, after remarks by the Grand Basileus, proceeded with the installation of officers. He reminded each officer of the responsibility and importance of his position and conducted the ceremony with both dignity and dispatch. Officers of the chapter are: Brothers Frank Nichols, Basileus; Daniek Henderson, K.R.S.; James Lewis, K.F.; Charles Belfield, Keeper of Peace; Clarence Johnson, Chaplain; Ercell F. Williams, Chapter Editor; and Walter Bailey, Dean of Pledges.

The visitors list included: Brothers Nathaniel Burrell, Warren Henton, and James Murray, Nu Omicron chapter, Queens, Long Island, New York; and Brothers Fred Thomas and Aubrey Green, newly acquired members of Chi Rho chapter.

Moses; Jerome Fraser, John Strachen, James A. Douglas, William E. Mims.

After the installation ceremony was completed the brothers and their guests

played host to the Omega wives—the divine, charming supporters of the men who support the finest fraternity in Greekdom. It was an appropriate ending to an evening well spent as the brothers went forth reaffirmed in their dedication

to the great cardinal principles of Omega. The brothers extend special thanks to Mr. Camile Smith for his very artistic, photographic workmanship and coverage of the ceremony.

Epsilon Chapter's Annual Achievement Program

St. Albans, N.Y.

On November 14, 1965, Epsilon Chapter held its annual achievement week program. This year's program was held at the Linden Boulevard Seven Day Adventist Church in St. Albans, N. Y. The chapter decided to honor two persons as its outstanding citizens. The Right Rev. Monsignor McLees of St. Pascal Babylon Parish in Hollis, N. Y. was honored in the field of Civil and Human Rights.

Mr. Richard Clarke, the successful founder of the Halmark Employment Agency of New York City and Chicago, was honored as rendering a tremendous service to Negro people in the field of employment.

It was really a great occasion to hear two such outstanding persons. Also appearing on the program as a soloist was the nationally famous Lorice Diamond. The program was well attended by the brothers and guest. Dep. Dist. Representatives Nat. Burrell and Rudy Powell were present. At the program, a tea was held in the basement of the church.

Epsilon Chapter Ends It's Banner Year

New York, N.Y.

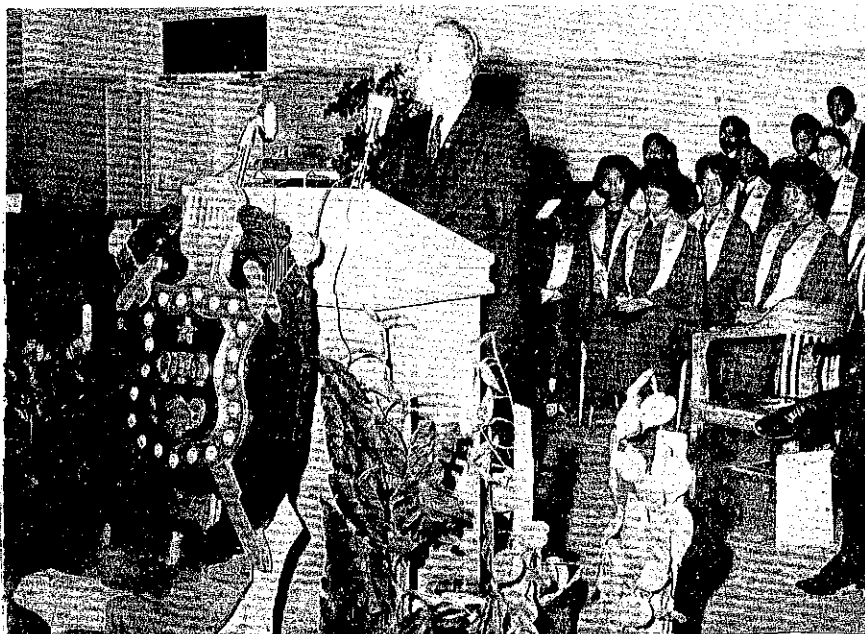

During the month of October, Epsilon presented a "Discotheque" at the Temple El Manuel in Corona, N.Y. This was the complementary dance for the year for the brothers and guest who have graciously patronized our pay activities during 1965. The Discotheque was most capably "MCed" by Bro. Jim Coleman and a swinging time was had by all who attended.

On November 13, 1935, the men of Epsilon chapter, through the social actions committee chaired by Bro. Milton Johnson Jr., took 19 young men, who are high school students, to Morgan State College, Baltimore, Md. The chapter felt that a journey of this type to an organized college campus would serve the purpose of stimulating these young men to remain in school and to possibly attend college. Pi Chapter of Morgan State College hosted Epsilon on campus and they were fantastically helpful, gracious and efficient hosts. The days activities consisted of:

1. A realist and factual lecture on the advantages of finishing high school and college.
2. A tour of Morgan State's campus.
3. A football game between Morgan State and Norfolk State.
4. Introductions to some of Morgan State's athletic coaches. Most of the young men taken on the trip were athletes.

Total expenses for the trip was underwritten by Epsilon Chapter. Bros. who accompanied the students on the trip were Bros. Dowery, V. Basileus, Fierce, Girgorie, Ivy, Johnson (Chairman of the Social Action Com.) and Strong, K.F.

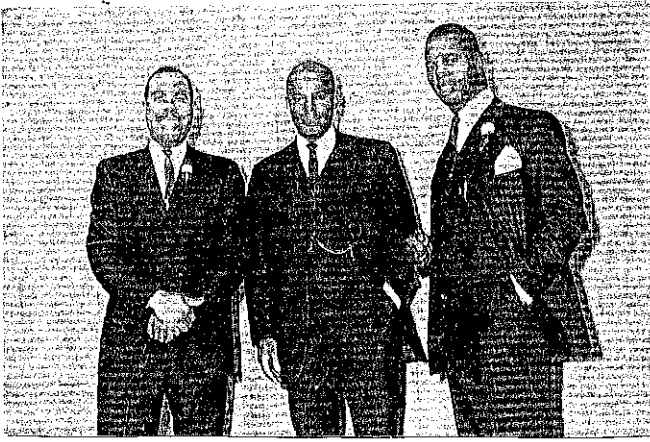

The comments made by the 19 young men upon their return to N. Y., convinced the brothers of Epsilon that the efforts made by the chapter were indeed appreciated and fruitful.

Founders Day Observed At Delaware State College

EDITOR'S NOTE: The following is an account of the last public appearance of the late Dr. I Gregory Newton, Dean of Maryland State College and former Grand Basileus of Omega Psi Phi Fraternity.

The 74th anniversary of Founders' Day was observed at Delaware State College on Sunday, February 14. The Founders' Day Theme was "A Tribute to the People of Delaware." Dr. I Gregory Newton, dean of Maryland State College, was the keynote speaker.

Dr. Newton told the alumni, faculty and students that the members of the 49th General Assembly of the State of Delaware had faith and vision when they established Delaware State College in 1891 as an institution of higher learning. Succeeding legislatures have continued that faith by appropriating funds for the maintenance, operation and development of the college. Delaware State College is a concrete example of the concept of transcendence. Men of strength, courage, devotion and resolve have worked diligently for the college. You are the light of this college that carries forth the vision of those who have gone on before. The college is a veritable beacon that guides many youths to the door of today's opportunities. If everyone will light but one candle the world will not be dark.

Greetings at the Founders' Day were extended on behalf of the College and the Board of Trustees by President Luna I. Mishoe; on behalf of the Alumni by Mr. Felmon D. Motley, president of the Alumni Association; and on behalf of the Students by Miss Gloria Swigget, senior home economics major of Smyrna, Delaware, "Miss Delaware State College."

Alpha Chapter Plays Big Role on Howard U Campus

Washington, D.C.

If the drive of the Basileus and the desire of the chapter produce the results expected, Alpha Chapter, Howard University should play an even more significant role in the academic, social, and cultural life of the college community. The Basileus, Bro. Edwin W. Sapp, has as the primary impetus of his administration, the uplifting of the Fraternity's image on the college campus. Sharing the reins of leadership with brother Sapp are:

Ralph Durham, Vice Bas.; Rohulamin Quander, KRS; Robert Robinson, Asst. KRS; David Reid, KF; Philip Rice, Asst. KF; Don Royster, Editor to 'Oracle'; Larry Johnson, Asst. Editor; Derek Brown, Chaplain and Raymond Fleming, Keeper of Peace.

Now that we have passed into another school year, we would like to salute those brothers who are no longer with Alpha Chapter; after four years of undergraduate studies they have gone on to greater achievements. Hail to brothers: Milton Hatcher, Richard Mays, Harold Holliday, Wallace Peace, Langston McKinney, James Sykes, Frank Patterson, Albert Hopkins, Edison Moore, and Sigmund H. Gullins.

Congratulations! To Bro. Lenox S. Din-

gle and his lovely bride, the former Ann Cobb of Springfield, Miss.; they were married with a beautiful ceremony on Sept. 4th of this year. Alpha Chapter joins us in wishing them many blissful years together.

Congratulations also to Bro. Rohulamin Quander, this year's Alpha Chapter Man of the Year. He has been selected by the brothers to receive this award because of his devotion to the cause of Omega. Besides being an ardent worker for Alpha Chapter, he is also KRS for the Third District and a member of many campus organizations.

On October 21, the annual Variety Show was held as a part of Homecoming activities for 1965. The brothers won the first prize award among campus organizations for their skit entitled, "Fairyland—or How Harry the Fairy Was Foiled". The play, an original, was written in the lighter vein by neophyte Bill Bradford and was the highlight of the evening.

Also, during the same week, the brothers entered a float in the Homecoming parade. The float featured our Queen, Miss Rosalind Dukes and two knights, in keeping with the theme "Once Upon a Time." The float, which brought the praise of everyone who saw it could not have been possible without the financial and advisory aid of the brothers in Kappa Psi Chapter. Brothers Edward Kane, Dave Reid, Phil Rice, Stanley Clemons, Ralph Durham, Cal Young (Kappa Psi) and Larry Johnson stayed out in the cold all night to make sure that the work was completed.

All of us here at Alpha Chapter were saddened to hear of the death of Bro. I.

Gregory Newton. Though many of us did not know him personally, the impact of his passing away upon those that did could still be felt. He was a champion for the cause of the undergraduate student as well as the ideals of Omega. A special memorial was held for him here at Alpha Chapter so that the brothers would be fully aware of his greatness and magnanimity. Brother I. Gregory Newton, now of Omega Chapter, may his achievements, his example, his memory forever live on.

EARLY PLANNING

Washington, D.C.

Several weeks ago my family and I participated in a tour of the White House. The lady conducting the tour asked my ten year old son, Ricardo, "Who lives here?" With great seriousness he replied, "President Lyndon B. Johnson lives here now, but I will some day." For a few minutes the lady guide was speechless. After recovering from the initial shock of Ricky's spontaneous remarks, she shook his hand and wished him luck. We his parents were also surprised by Ricardo's impromptu statement.

The Long Hot Summer To Be Remembered

Washington, D.C.

This long hot summer will be long remembered by many children for their camp experiences, because of the interest of the Alpha Omega Chapter of Omega Psi Phi Fraternity, Inc. Mrs. Mona Scott, a social worker with the twelfth street, twelfth place neighborhood organization, will also have fond remembrances. When she presented her plea for help to the Alpha Omega Chapter's social action committee, chaired by John D. Fauntleroy, Mrs. Scott did not know that a camp for the children would be provided. The Alpha Omega Chapter became interested. They interested the

Philip Stern Foundation, who made a gift of \$4,500 and Bill Smith of Bill's Grill donated the camp site. The results; 30 children each week for six weeks will have new camp experiences, interests and a new healthful perspective for the future.

Omega And Poverty

Portsmouth, Va.

The United States in the 1960's was the richest and most powerful nation in the world. Thanks to ample natural resources and a highly developed technology, most of its citizens lived lives of comfort and affluence unimaginable a century before. It was also a nation with a record of generosity to other nations. It had lent and given billions of dollars to western Europe and to newly born and have not countries all around the globe.

Yet in the midst of unprecedented American prosperity there existed — although often invisible to visitors from foreign land the paradox of poverty.

There will always be some Americans who are better off than others . . . In the United States today we can see on the horizon a society of abundance, free of much of the misery and degradation that have been the old fate of man. Steadily rising productivity, together with an improving network of private and social insurance and assistance, has been eroding mass poverty in America. But the process is far too slow. It is high time to redouble and to concentrate our efforts to eliminate poverty.

In the United States and elsewhere, a strong back and a willingness to work cheap were once ample qualifications for employment. Manual laborers dug the ditches and constructed the transcontinental railroads. They picked cotton and fired the steel furnaces. But now the automation of industry and the mechanization of agriculture have made employment scarcer for the unskilled and the poorly educated.

Poverty breeds poverty. A poor individual family has a high probability of staying poor. Low incomes carry with them high risks of illness; limitations on mobility; and limited access to education, information, and training. Poor parents cannot give their children the opportunities for better health and education needed to improve their lot. Lack of motivation, hope and incentive is a more subtle but no less powerful barrier than lack of financial means. Thus the cruel legacy of poverty is passed from parents to children.

On similar occasions in the past we have often been called upon to wage war against foreign enemies which threatened our freedom. Today we are asked to declare war on a domestic enemy which threatens the strength of our nation and the welfare of our people. If we now move forward against this enemy — and if we can bring to the challenges of peace the same determination and strength which has brought us victory in war — then this day and this Congress will have won a secure and honorable place in the history of the nation, and the enduring gratitude of generations of Americans yet to come.

The ultimate aim of the War Against Poverty, is "to provide the young with

District Chapters Well Represented At 32nd Third District Conference

Washington, D.C.

The 32nd Third District Conference held at the Statler Hilton Hotel, in Washington, D.C., May 7th, 8th, 9th, 1965 was a grand success. The theme of the 32nd conference was "Human Dignity and Civil Rights thru Manhood and Scholarship." The 22 District Chapters were well represented. Registered delegates numbered one hundred and twenty five, and the total number of attending participating brothers and their wives and friends was over 300.

Of particular interest to the brothers were visits by two of the founders: Brother Frank Coleman, of Washington, D.C., and Brother Edgar Love of Baltimore. Each extended greetings to the Third District Conference. Brother Oscar Cooper also sent greetings.

The following Chapters extended greetings through the souvenir program: Zeta Omicron; Nu Psi; Gamma Omega; Epsilon Gamma; Phi Phi; Zeta Iota; Alpha Alpha; Lambda Omega; Delta Omega; Kappa Psi; Alpha Omega and The Omega Wives, Inc.

The important action taken at the Third District Conference was the election of Brother Frederick D. Nance, (Lamba Omega Chapter, Norfolk, Va.) as District Representative and Alvoston L. Taylor, Basileus, Zeta Chapter, Richmond, Va., as 2nd Vice District Representative. Brother Ellis F. Corbett was chairman of the election meeting at which members

the opportunity to learn, the ablebodied with the opportunity to work, the poor with the opportunity to live in decency and dignity." To achieve that aim will not be easy. The battle will not be won this year, or next year, or the year after. The important fact is—we have begun.

Our cardinal principles are closely attuned to the aim of the war on poverty. Let OMEGA men everywhere rise up and join the ranks as we move forward against the war on poverty.

DISTRICT CONFERENCE MAY 7-9, 1965**

Brother H. Albion Ferrell, Grand Chaplain, gave the main speech at the banquet, Baldwin Hall, Howard University, Washington, D.C., for the Talent Hunt Program, May 9th, during the Third District Conference.

of the Chapter House for its members. Brother Clement has scheduled social affairs to include the showing of moving pictures of outstanding games, (Baseball and Football) and other special interests. He has encouraged members to participate in various social games after which refreshments are served by the banquet committee chairman, Brother Lester E. Tyler. Brother William D. Curtis, chairman of the entertainment committee is responsible for obtaining the motion picture films.

Edward A. Clement, Basileus, Alpha Omega Chapter, Washington, D.C., represented the Chapter, June 5th, 1965, at a testimonial banquet in honor of Brother Thurman L. Dodson, which was sponsored by the Hughes Memorial Methodist Church.

The Basileus, Brother Edward A. Clement, Alpha Omega Chapter, gave out a very impressive report from his office on the Third District Conference meeting in Washington, D.C. Beginning with an increase in the Chapter membership he touched on the work and activity of the various committees. The report is substantial. The Basileus noted that memorial services were dedicated to Colored. Young and the late President Kennedy on Sunday March 15th, 1964, and an invitation was acknowledged by Mrs. J. F. Kennedy.

The National Achievement Week was celebrated at Baldwin Hall Sunday, November 15, 1964 with a banquet. During this service seven awards were made to individuals for outstanding services in the community or to students. Brother Everett W. Carter was chairman of the Achievement Committee. Also the Alpha Omega Chapter made a special scholarship award to Brother Philip White. Brother Pervis J. Williams is chairman of the Scholarship Committee. Brother White was initiated into the Alpha Omega Chapter shortly before he left for the University of Ibadan, in Nigeria. He was an exchange student from Williams College. The Basileus reported on the Talent Hunt Program held Sunday, April 26, 1964 at Andrew Rankin Chapel, Howard University. Twenty One contestants were presented representing nine high schools. Miss Veronica Redd, a student at Western High School was the winner. Brother William H. Deane came in for comendation for doing a good job as chairman of the talent hunt committee.

The Basileus, Brother Edward A. Clement, stated that the social action committee, whose chairman is Brother John D. Fauntleroy was deeply involved in the Civil Rights fight; from the sending of letters to members of Congress; promoting activities for home rule in the District of Columbia; to gathering clothing for our Brothers in Mississippi.

Brother Clement reported that an art collection was offered to the Alpha Omega Chapter by Brother Bernard F. Coleman. Brother Coleman is now with the United States Consul at Zanzibar, Tanzania, as Public Affairs Officer.

The Basileus in his report praised the Mardi Gras Committee, whose chairman is Brother Frank P. Bolden, for the continued success. He said that more than 4000 persons attended the Annual Affair in February 1964.

The Basileus had nothing but praise for the Past Basileus William D. Porter for the fine program which he promoted for the past three years.

The Annual Christmas Social Affair was a great success, which was promoted by Brother Roy U. Levy.

The high school club, Les Jeune Hom-

mes, came in for high praise by the Basileus. Many of its members become Omega Brothers. Brother James W. Quanders is chairman of the club.

The tragic loss of one of our brothers, Lemuel Penn, was noted in the report. A further tragedy occurred in the family, with the death of Mrs. Lemuel Penn, July 22, 1965.

The Omega wives said the Basileus had been doing a superior job in their many activities under the leadership of Mrs. Harry Robinson.

**Brother Oxley Praised For
His Stand On Medi-Care**

Cincinnati, Ohio

Bro. Lawrence A. Oxley, Director, Special Projects, National Council of Senior Citizens, had warm praise today for the more than 5,000 Negro doctors of the National Medical Association who "stood bravely in support of the Medicare Bill while the powerful American Medical Association fought bitterly against it."

Bro. Oxley spoke at the National Medical Association annual convention in the Netherlands-Hilton Hotel. He told the delegates President Johnson had paid tribute to the Association's support for Medicare by inviting its President, Dr. Montague Cobb, to join the party which flew in the Presidential plane to Independence, Missouri, for the bill signing ceremony in the Truman Library. Bro. Oxley was one of the leaders of the National Council of Senior Citizens also invited to travel with the President. His organization spear-headed a four-year campaign to mobilize public support for the Social Security-financed hospital insurance program.

"The AMA through its state medical societies, has lots of privileges and much needed assistance it can bestow upon the Negro doctors," said Oxley. "But the Negro physicians did not count the personal cost. They proudly declared their support for the bill. They know that this measure will not socialize or in any way undermine the medical profession in America.

"It will be a boon even to physicians who have been deluded by the AMA into opposing the plan", continued Bro. Oxley, "for it will mean that patients in need of hospital or nursing home care will be able to afford it—and may even be able to pay their medical bills as well."

Bro. Oxley, now 78, was a Special Assistant to the Secretary of Labor, Frances Perkins, when the original Social Security Act was introduced in 1935. He served 25 years in Government before his formal retirement in 1957. He has been active in politics ever since.

FACTS ABOUT DETROIT

In 1701, Antoine de la Mothe Cadillac and 100 French compatriots established a military and fur-trading post on the bank of the Detroit River.

Cadillac chose his site well. Today, the settlement he founded is a world center of industry, commerce and trade, and its importance is still growing. Detroit, oldest of midwestern cities, remains one of the most progressive.

Focal point for a metropolitan populations estimated in 1962 at 3,886,000, the city is home to a wide variety of industries in addition to the vast automotive enterprises that made the name Detroit a synonym for production know-how. Its central location on the transportation map of America and its proximity to Canada are playing an increasingly vital role in trade and in the distribution of both raw and manufactured goods, and in recent years

the city's banking activities have gained steadily.

Apart from its material wealth, Detroit is a keystone in the areas of education, research and cultural endeavor. Its population, in addition to being well-paid and well-housed, is also well diverted by a profusion of recreational opportunities. Commercial entertainments and athletics are a thriving business, and the city is located in a heartland of freshwater and wildlife wonders.

Zeta Sigma Chapter Is Small But Strong In 4 Dist.

News From Kappa Tau

Canton, Ohio

Brother and Mrs. William Pollard have just returned from visiting in the Bahama Islands, World's Fair, Florida and Oklahoma.

The chapter is in the midst of making preparations for their annual "Hall of Fame" dance on Sept. 11, 1965 in Canton, Ohio which is the home of the National Pro Football Hall of Fame.

Plans are also being finalized for initiation, annual picnic, a scholarship and a reception for new teachers in the Canton school system.

Brothers Arthur Beeler and Joseph Smith have just returned from the National Urban League Convention in Miami Beach, Florida.

The brothers of Kappa Tau are proud of Brother Fred Johnson who has purchased a drug store where he worked for several years as a pharmacist. This is the first and only Negro business in downtown Canton.

Bluefield, West Va.

The 1965 Commencement at Bluefield State College brought with it an air of sadness as Zeta Sigma Chapter saw three of its brothers march down the aisle in the persons of Bro. Robert B. Montgomery, Bro. Ernie Alvis and Bro. Randolph Eason.

Although graduation has claimed many of its brothers in the last two years, the Zeta Sigma chapter has continued to be small but strong and influential chapter in the fourth district. The chapter has been the recipient of two trophies for two years straight for the outstanding chapter in the fourth district.

The Zeta Sigma Chapter looks forward to an even better 1965-66 school year although there are only two brothers, Bro. Andrew Anderson, Bas.; and Bro. Glenn Webster, left to carry the load.

The brothers were proud of the ten lamps who walked the spring little line last spring and look forward to them aspiring to reach Omega land. The brothers firmly believe that the value of our fraternity is not in numbers but in men.

The attainment and retainment of scholarship should be of prime concern to every Omega man. It should not come as a surprise that the Undergraduates and younger men in our fraternity should ask that those of us who stress scholarship should apply the same emphasis to our own lives.

One example and exponent of that philosophy is Clark E. Beck, Fourth District Representative. Although his first degree was granted in 1951, he has never ceased to aspire to and pursue scholarship. Since that initial degree (in Mathematics) he has received one in Mechanical Engineering. His belief is that the pursuit of scholarship need not be limited to formal education directed to a specific degree.

Since obtaining the two degrees he has pursued and completed study in many disciplines and in many locations. In addition to courses sponsored at Wright-Patterson Air Force Base where he works, he has completed intensive summer courses at MIT, University of Michigan, and Ohio State University. The subject matter of these courses covered a broad spectrum and included Recent Developments in Heat Transfer, Strain Gage Techniques, Dynamics and Mechanics of Re-entry, Fire Fighting Techniques, Cryogenic Handling Techniques and Technical Writing.

This summer he has added two more course completions to the growing list. On 1 July he graduated with 23 other Department of Defense employees from a six-week intensive course in "Laboratory Management of Research and Development". This course was jointly taught by the Air Force School of Systems and Logistics and Ohio State University. On 16 July, he was graduated from a one-week course in "Effective Communications" taught at Ohio State University. He was awarded a grant from Ohio industry for part of his expenses for this course.

Chapter officers and members who complain that they "don't have time" to answer Fraternity correspondence, submit worthy news to the ORACLE and local newspapers, complete chapter reports, etc. get little sympathy from this District Representative who works by days as a Senior Project Engineer at Wright-Patterson AF Base, evenings and Saturdays as an instructor at Central State College, is a member of the Ohio Academy of Science's Visiting Scientists group which speaks to high school student classes, participates in a Toastmasters Club, speaks occasionally to civic groups and other organizations, is a member and secretary for two state committees of the Professional Engineers Society, occasionally publishes technical papers, and does a limited consulting business in addition to his Fraternity obligations.

Mu Chi Holds First Family Outing At Cowan Lake

Wilberforce, Ohio

On August 1, 1965, Mu Chi Chapter held its First Annual Family Outing at Cowan Lake near Wilmington, Ohio. Despite overcast skies, the venture has been hailed a success by those in attendance.

The outing served as an afternoon of fellowship for the members of Mu Chi, their families and guests. Most of the guests were inactive brothers and their families living within the Springfield, Xenia, and Yellow Springs area. The outing provided a method of reaching these men in an attempt to bring them back into the fold.

The Chapter, along with the Quettes, provided the food and fun for the occasion. After feasting, the Brothers conducted games for the children.

Iota Psi Chapter Completes Another Successful Social, Scholastic, And Academic Year At Ohio State Univ.

Columbus, Ohio
The Iota Psi chapter, Ohio State University, extends a hearty congratulations to all of the brothers having graduated in June 1965. We hope that each and every one of you succeeds in your future endeavors and that you keep our four Cardinal Principles instilled in your hearts and minds throughout your life. For the graduating brothers of Iota Psi, Bro. Richard Goode, Bro. Linwood Battle, Bro. Ryland Mullins, and Bro. Phillip Mitchell, we also extend to you our very special congratulations and very best wishes in your future success.

Iota Psi has had another very successful year with every aspect of its pursuits. Our first job for the year was to actively display the spirit of Omega to the new men at Ohio State. When our heavy rushing ended, many of these new men joined our forces and were initiated into the Lampadoes Club. The Fall Quarter initiates into the Lamp Club were: Little brothers — Reuben Lawson, Terry Collier, Paul Hudson, Will Thomas, Howard Bailey, Lee Calhoun, Larry Jennings, Meredith Chaplin, John Williams, Michael Williams and Gregg De Witt. We might add that two of our little brothers are very promising members on the first squad of Ohio States football team (Paul Hudson and Will Thomas).

In June of 1962, Iota Psi established its fraternity house, a project which had taken much time and effort. Through the efforts of Mu Iota as well as Iota Psi Members, we have accomplished what no other predominantly Negro organization has been able to do at Ohio State, namely, establish a house and keep it well maintained as to date. We are now in the process of organizing projects to raise money for the house. Any advice or suggestions would be sincerely appreciated.

During the year, Iota Psi has been highly recognized for its scholarship achievements. For example, out of the 45 Greek Letter organizations at Ohio State, Iota Psi ranks 5th academically, with an overall average above 2.75. Only a fraction

Cadet Officers Club. Brother Ronald Thornhill is President of the Central State Music Society and Music Majors Club.

The officers for this year insure a continued year of success. The officers are: Marvin Butler, Burlington, New Jersey; Bas., Charles Craig, Plainfield, N.J.; Bro. Dennis Dowdell, Syracuse, N.Y., KRS; Carl Williams, New York City, KF; and Thomas Leigh, Editor to the Oracle. Otis Smith is Dean of Pledges.

Our Lampadoes for this year are: Roger Harris, Bridgeton, N.J.; Calvin LaRoche, Alvin Singh, and George Welch all of New York City; Issac Walker, Philadelphia, Pa.; Harry King, Newport News, Virginia. This year Big Pro is in early November. The Brothers plan to emphasize Scholarship, Manhood, and Uplift.

kept the chapter from the number one position. The academic award for Winter Quarter went to Bro. Gary L. Ford, who received a 3.5 for the preceding quarter. Fall Quarter, honors went to Bro. Richard Goode who maintained a 3.8 average, and little brother Harry Wheat who achieved a 3.7 for the quarter. Also, every man living in the fraternity house achieved a 3.00 or better for the quarter with the exception of two men, of whose grades were above a 2.5.

All of Iota Psi's time is not spent in the library, for between the time of study are many well-planned social activities. As has been the case for several years running, Omega remains the standard at O.S.U. Our first social function for the year was the Homecoming Dance. Visiting brothers from district chapters confirmed the consensus that it was the most illustrious dance they had attended at the campus.

The month of April was honored with the chapters Sweetheart Ball, which was held at the exclusive Honkas Provincial House located in Columbus's fashionable suburb. The ball was preceded by a banquet honoring the reigning sweetheart, 1964-1965, Miss Patricia Duren. We feel safe in saying those who attended have a pleasant memory that will remain with them for years to come. Iota Psi's reigning Sweetheart for 1965-1966 is Miss Charlette Stanford, a freshman from Dayton, Ohio in the College of Education. Miss Stanford is quite active in campus activities including chapter activities and is also house President of her residence. Members of her court include: Miss Burnette Love, Miss Cheryle Griffith, Miss Barbara Mahone and, Miss Gertha Minafee.

Iota Psi has initiated eight new brothers into the realms of Omega this year. Our most esteemed brother Clark E. Beck, District Representative, presided over both initiation ceremonies for Fall and Spring quarters.

Crossing the "sands" Fall Quarter were brothers Rollon M. Thompson, a senior from Cincinnati, Ohio, in Speech Therapy; Gary L. Ford, a senior in Law from Steubenville, Ohio; and Bro. Theodore M. Searight, also a senior in Political Science, from Lorain, Ohio.

Five new brothers crossed the sands this Spring Quarter in a very illustrious open probation. Bro. William C. Wall took them over as Neophyte Commandant —bringing the five "Sons of Blood and Thunder" through a very active, spirited, and memorable program. The five new brothers are: Eugene Robinson, a sophomore from Cincinnati, Ohio; Meredith Chaplin, a sophomore from New Jersey; Larry Jennings, a sophomore from Lorain, Ohio; Ronald Jackson, a sophomore from Columbus, Ohio; and Paul Hudson, also

a sophomore. This was one of the most "trying" pros of the years and we are certain our new brothers will hold fond memories of the tremendous week.

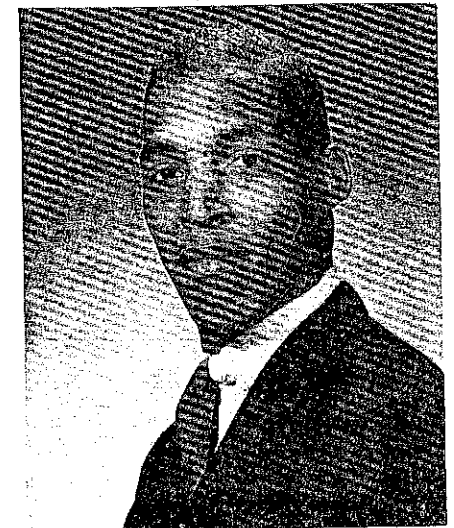

Awards this year went to brothers: Gary L. Ford, as 1st member of the AKA Bachelor of the Year Court; David O. Dinwiddie, from Tulsa, Oklahoma, as 1st member of the Pyramid King Court; William Johnson, from Columbus, as the reigning Pyramid King; and Marvin D. Bullock, from Celevland, as the reigning Bachelor of the Year.

As was mentioned, Iota Psi places 1st socially, academically, and athletically. For the third year running, Omega's basketball teams have been class A champions in Intramural sports. This year Iota Psi's team completed a 11-0 record to match all records of previous years; placing 1st. In addition, the chapter has attained 3rd and 4th places in football, track, and intramural bowling. Congratulations, Iota Psi.

Brother Gary L. Ford is the newly-elected Vice Basileus of Iota Psi. Bro. Ford, a native of Steubenville, Ohio, is a senior studying law at Ohio State. A very active and studious member of the chapter, Bro. Ford has attained an overall academic average of 3.4, and has recently taken the chapter's scholarship award with the point-hour ratio of 3.5. Bro. Ford's plans for the future after his graduation in June includes re-entering State for graduate study in the college of law. The chapter's hats go off to Bro. Ford as being the "Scholar" of Iota Psi for his academic achievements.

Other newly elected officers of the Iota Psi Chapter are as follows: Bro. Rollon M. Thompson, KRS; Bro. Eugene Robinson, KF, a sophomore from Cincinnati, Ohio; and Bro. Theodore M. Searight; Dean of Pledgees, a senior from Lorain, Ohio.

Iota Psi held its spring initiation the week of May 1st, 1965. The five new brothers who crossed the "burning sands" are: Ronald Jackson, Paul Hudson, Eugene Robinson, Meredith Chaplain and, Larry Jennings (not shown). The extensive and elaborate program the five "Sons of Blood and Thunder" participated in during their probation period was the most outstandingly illustrious, and most "active" ever achieved at Ohio State.

Fourth District Hosts Grand Basileus

Youngstown, Ohio

The Fourth District went all out in its effort to show our Grand Basileus George E. Meares why it deserves to be the "Mighty Fourth" when it observed its 25th Annual District Meeting in the Steel City of Ohio. From the opening session on Friday, May 7, until the curtain was rolled down at the formal dinner and dance, the district sessions moved with precision, dispatch and accomplishments and not to be overlooked were the numerous gay and stimulating social activities for both Q's and Quettes.

Credit for making the Grand Basileus' visit a memorable occasion is due the tireless District Marshal, Luther W. Trice, his Psi Omicron convention committee and the Quettes together with the cooperation of the District Representative, Clark E. Beck.

Sessions were held in the Pick-Ohio Hotel including all dinners and dances. Outside the usual social highlights including the opening Pan-Hellenic Dance, two sessions produced highly praised speeches. At the opening plenary session Rev. Samuel Sharpp, executive secretary of the area Council of Churches, spoke on "The Responsibility of the Negro College Man in Today's Civil Rights Struggle." He was introduced by Brother Nathaniel Lee, President of Ohio Conference of NAACP. His speech is reprinted in the ORACLE.

The second stirring speech was heard at the Undergraduate Luncheon when Atty. William J. Davis, Columbus, spoke on our stake in the jet propulsion age. He was introduced by Brother Samuel Shepard, Xi Chi chapter.

The banquet which culminated in the formal dance included a stimulating speech by the Grand Basileus and the induction of the new officers, all excepting one being reelected. Through the generosity of the host chapter every guest at the banquet was the recipient of two gifts following a meritorious plaque presentation to Psi Omicron's Brother R. V. Walker and fancy mugs to the DR's past and present. Each guest was presented a miniature key chain with a battery light and a stereo LP Record "Songs of Faith", sung by Quette Rosemary Ellis. The record was through the courtesy of Steel Records, Youngstown.

the Brothers are carrying themselves so as to exemplify our four Cardinal Principles.

During the recent Homecoming activities the float built by the Brothers of Eta Gamma won first place in all areas. There were many visiting Brothers on campus that weekend and they were well entertained by the Brothers of Eta Gamma and a fine serenade was given by all the Brothers.

Big Probation at C.S.U. this year will be November 17-19. This year we will have six (6) men on line and Brother Williams, our Commandant, is busily preparing them for the Hell Week activities.

Our Sweetheart this year is Miss Kay Highgate, a sophomore from Detroit. She is a Home Economics major and a Soror of Delta Sigma Theta Sorority.

The Brothers of Eta Gamma are looking forward to the rest of the school year and we hope that it will be just as successful, if not more successful, than it has already been.

College; KF, Timothy Van Scott, Hampton, Va., graduate of Fisk University.

The highlights of the year came on March 27, 1965, at which time the Grand Basileus, Bro. George E. Meares honored the brothers of Delta Chapter by allowing them to play host to the Grand Basileus' party and 1,500 guests at the Annual Mardi Gras, held at Nashville's Civic Auditorium. During a brief intermission Bro. Meares presented a distinguished and warmly thought of son of Omega Bro. Z. A. Looby.

Delta Chapter is a unique chapter in Omegadom for it is composed only of potential members of the healing arts. Delta boasts the membership of some 20 dental students and over 40 medical students. Two learned advisors in the persons of Dr. Matthew Walker, Chairman of the Dept. of Surgery and a nationally known surgeon of rare skill and knowledge; and Dr. John Hopkins, a distinguished Board Certified Radiologist, round out the Delta team.

Delta's year was kicked off with a welcoming social given in honor of the freshman brothers in Sept. of 1964.

The next highlight in the year was indeed a day to which all Omega men can look to with pride, this was Opening Convocation in October of 1964. Eight brothers of Delta Chapter were held up for the healing arts profession to view, eight brothers achieved the greatly sought after honor of being named to the Dean's list; a feat worthy of acclaim. Of those honored was Lowell Jacob Bennett second ranking student in the junior class; Samuel Boykin Hunter, Edward Rudolph Hills both of whom are juniors. In the Senior class were brothers Edward Anthony Rankin, William Henry Bland, Frederick Thornton Boulware Jr., and Harry Edward Morgan. Brother Lowell J. Bennett of Cleveland, Ohio a graduate of University of Pittsburgh, received the Gustava B. MacLin Prize for excellent in Pharmacological research. Brother Edward Anthony Rankin of Holly Springs, Mississippi a graduate of Lincoln University (Mo.), received the G.P.A. Forde award in Medicine; Brother William Henry Bland of Atlanta, Georgia, a graduate of Xavier University, won the award for being the highest ranking student from the State of Georgia. Brother John Matthew Murphy, Jr. won the C. V. Mosby Company award for excellence in Anesthesia and ranking 4th in the Junior Dental class. Bro. Murphy is a native of Charlotte, North Carolina and a graduate of Morgan State College, Baltimore, Maryland.

Another event which takes place every year throughout the year of which the brothers of Delta are justly proud is the annual adoption of an indigent family. In this unrelenting service to the

community which exemplifies the spirit of Omega, the brothers of Delta are very humble. Each year a family, is chosen from the social service at Meharry Medical College, who is destitute and in dire need of aid. The Brothers provide food, clothing and medical care to these families. On holidays such as Christmas, Easter, Thanksgiving etc. an especially large layout of groceries are provided. As a project to the Lampados Club of Delta they too, adopt a smaller family of indigents.

This past year in Nashville also marked the choosing of a Sweetheart of Delta Chapter. On a clear, starry crisp nite in February in an ocean of roses and admiring Omega men Miss Frances Espy, a senior at Fisk University and the fiancée of Bro. Anthony Rankin, was crowned sweetheart. This was indeed a difficult task in as much as the members of the Court were exceedingly lovely ladies also. Mrs. Deborah Haley, Mrs. Roderick Bahner, and Mrs. Doretta Murphy rounded out the court.

On March 24, 1965, the tenth annual research day was held at Meharry. Among the brothers and Lamps participating were Edward R. Hills who acted as Chairman of one of the sessions, Bro. E. J. Greenfield, a Lamp, worked on three different projects and presented one of them. Brother Bunch a Graduating senior presented a clinical study from the dept. of Pediatrics.

Bro. Samuel B. Hunter, was singlely honored, by being asked to present a research paper; which Bro. Edward Hills and he wrote after conducting a two year research project, to the American Pathology Society meeting in Philadelphia, Pa.

To complete the year in grand fashion, June 14th will bring the day for which all are striving at Meharry, Commencement Day. Many Brothers will receive D.D.S.'s and M.D.'s among whom are Brothers L. T. Baccus, G. C. Bain, C. E. Bell, W. H. Bland, F. T. Boulware, T. R. Bunche, B. J. Jones, Yondell E. Moore, Basileus, H. E. Morgan, E. A. Rankin and M. F. Sirmans graduating from the college of medicine. Brothers David C. Deans, Walter J. Duncan, Jones P. Lewis, John M. Murphy, and Edward L. Peters will graduate from the school of Dentistry.

Brother Yondell E. Moore has led the Doctors of Delta to a most rewarding year, for which the brothers of Delta and the community are richer.

students in basically every major academic department.

The Brothers of Psi Psi than focused attention to the Homecoming Festivities. In these festivities Psi Psi and the Fraternity were well represented. Nearly a "city block" of the Homecoming parade was taken up. This 'block' included the Chapter's Float, with the theme "Omega Psi Phi Plus K.S.C. Equals Progress";

The Grand Basileus

Gamma Phi Chapter Salutes Tenn. A&I's Ed Temple

Nashville, Tenn.

"Only the poor in heart can survive" is the quiet but potent motto of an equally quiet but potent man—Edward Stanley Temple.

Born September 20, 1927 at Harrisburg, Pennsylvania, Mr. Temple was an all-state athlete in track and field (he posted 9.8 and 21.9 in the 100 and 220 yard dash respectively) football and basketball at John Harris High School in Harrisburg where he graduated in 1946. Upon graduating from high school, he accepted a work-aid scholarship to Tennessee State University in Nashville, Tennessee, where he ran 9.7 and 21.5 in the 100 and 200 yard dashes. He graduated from Tennessee State with a B.S. degree in Health and Physical Education in May, 1950. Two months later on July 22, he married his college sweetheart, the former Charlie B. Law. They have two children, Lloyd Bernard, 11, and Edwina, 8.

Shortly after graduation, he accepted a position as Assistant Women's Track and Field Coach and a job in the University Post Office, both of which he held while working toward his Master's degree. In August, 1953, he received his M.S. degree in Health and Physical Education with a minor in Social Science and Sociology. He attended Pennsylvania State University in 1954 where he worked toward his doctorate. While an assistant coach he tasted success for the first time when Jean Patton won the 200 meters in the Pan American Games of Buenos Aires in 1951. Two years later he became Head Coach. Incidentally, one of the ladies on his first team, Miss Cynthia Thompson, is now a doctor of medicine. In 1954, he took his team to the National AAU Indoor Championships and placed fourth, later in the year they placed sixth in the Outdoor National Championships in his home town of Harrisburg, Pa. The following year, he won both the women's and girl's division of the National AAU Outdoor Championships. Included in the girl's team (ages 14-15) were Martha Hudson, Lucinda Williams, and Wilma Rudolph, three-fourths of the victorious USA 4x100 relay team at Rome in 1960. Four of his Tigerbelles were on the Pan-American Team of 1955 at Mexico City. Isabelle Daniels, was second in the 60, Mae Faggs second in the 100 and fifth in the 60. This pair composed half of the winning relay team.

A half dozen of his proteges were on the 1956 Olympic Team, the entire USA third place relay team of Faggs, Margaret Matthews, Rudolph and Daniels being Ed Temple's products. In addition, Daniels was fourth in the 100 and Willye White won the Silver Medal in the broad jump. In 1957 and 1958, his Tigerbelles won both the National AAU indoor and Outdoor Championships. In the Summer of 1958, a USA team competed in International matches in Moscow, Russia, Warsaw, Poland, Budapest, Hungary and Ath-

ens, Greece. Seven of the women were Ed Temple's products and Barbara Jones and Lucinda Williams won the sprints against the Russians, then teamed with Margaret Matthews and Isabelle Daniels to win the relay in time only three-tenths off the World's record. Ed Temple was the U.S.A. women's coach for this trip.

The following year, 1959, the Tigerbelles won the National Indoor and Outdoor titles, sent eight girls against the Russians and ten into the Pan-American Games. Jones and Williams repeated their sprint wins in the match with the Soviet Union, while in the Pan-American Games Williams won both sprints, Daniels took the 60, Annie Smith won the broad jump and the relay team was victorious. In all three of these important meets the matches against the USSR and the Pan-American Games—Ed Temple served as Head Women's Track Coach for the USA.

In 1960—when the Olympic year arrived, Tennessee State again won the National AAU Indoor and Outdoor National Championships and Ed Temple was selected to serve as Olympic Coach. Wilma Rudolph made history for the USA with victories in both sprints, and anchored the relay team including Martha Hudson, Lucinda Williams and Barbara Jones (all Tigerbelles) to a third Gold Medal for the Tigerbelles and Temple. In addition, Tigerbelles Shirley Crowder, and JoAnn Terry in hurdles, and Annie Smith and ex-Tigerbelle Willie White in the broad jump represented the USA in the Olympics in Rome. At the 1960 Olympics in Rome, the Tigerbelles alone won more Gold Medals than 37 countries (including those of Great Britain, Japan, France, Spain, Argentina and Canada). Only six National teams including the U.S.A. and Russia won more Gold Medals than the Tigerbelles.

In 1961, Tigerbelles, Vivian Brown, Edith Brown, Edith McGuire, JoAnn Terry and Wilma Rudolph again represented the USA on their International Meets with Russia, Poland, Germany and England. During this tour Wilma Rudolph set a new world's record in the 100 meters and anchored a world record setting relay team composed of teammates Vivian Brown, Willie White and Ernestine Polard.

In 1962, Ed Temple served as consultant to the USA Women's Coaching Staff in their dual meet with Russia. His Tigerbelles won 1st place in the 200 meters—Vivian Brown, 1st place in the 100 meters—Wilma Rudolph, 3rd place in the 100 meters—Edith McGuire, and 1st place in the Relay—composed of Willie White, Edith McGuire, Vivian Brown and Wilma Rudolph. In 1963, the Pan-American Games was held in Sao Paulo, Brazil, and again five of Temple's Tigerbelles were entered. Three (Vivian Brown, Edith McGuire, JoAnn Terry) represented the USA and two Lorraine Dunn and Marcella Daniel, represented Panama. Miss Brown

won first place in the 200 meters (a Gold Medal), Edith McGuire won first place in the 100 meters. JoAnn Terry won first place in the 80 yard hurdles. Miss Vivian Brown also ran on the first place winning relay team.

In 1964, During the USA vs. Russia Meet, the Tigerbelles got first and second in the 200 meters with Edith McGuire and Vivian Brown respectively; first and second in the 100 meters with Edith McGuire and Wyomia Tyrus respectively. Misses McGuire and Tyus teamed with Misses Bond and White and won first place in the 400 meter relay.

In 1964 Olympics, Tokyo, Japan. Olympic time rolled around again, and this time rules and regulations were set aside as the Olympic Committee chose Edward S. Temple as the 1964 Olympic Coach (the rule states that no coach can coach two consecutive Olympics) for the USA Women's Track and Field team. History repeated itself with Wyomia Tyus winning a victory and a gold medal in the 100 meters; Edith McGuire a gold medal in the 200 meters and a silver medal in the 100 meters behind teammate Tyus. The USA was the only country with a first and second place in any women's track event. Misses Tyus and McGuire teamed with Misses White and White won a Silver Medal in the 400 meter relay. Again Ed Temple proved that his Tigerbelles are the best in the world. Two more of his Tigerbelles represented the USA in the Olympics Miss Terry in the Hurdles and Miss Brown in the 200 meters.

In his eleven years as Head Coach of Women's Track and Field at Tennessee State University his teams have won a total of 23 National AAU Championships. Of this number, 14 were outdoors and nine (9) indoors. He has also coached five USA Women's Track and Field Teams in International Competition including two Olympics, 1960 and 1964.

Coach Temple has received many honors for his achievements. Outstanding among these include the following:

"The House of Representatives of the State of Pennsylvania adopted a resolution congratulating Edward Stanley Temple, a native of Harrisburg, for his 'Success and Achievements' as a track coach." May 10, 1961. Some of his other "hometown" recognitions include being honored by The Philadelphia Cotillion Society 1960—"This honor is presented to Edward Stanley Temple, coach of the 1960 Olympic Women's Track Team for inspired knowledge of his craft and for transmitting this knowledge with comprehension and spirit; for successfully meeting the challenges of competition with courage and determination". He was also presented the Eleventh Annual Distinguished Service Award by The International Emblem Club of the Christian Street YMCA, Philadelphia, Pa. December 1960.

His adopted state, Tennessee, where he came after graduating also bestowed many

honors on Mr. Temple. "The House of Representatives of the Eighty-Second General Assembly of the State of Tennessee, The Senate Concurring, commends most highly Mr. Edward S. Temple for outstanding coaching in the 1960 Olympics" April, 1961. He was honored by the Agory Assembly, Nashville, Tennessee at its 34th Annual Mid Winter Banquet and "In Recognition of Outstanding Coaching in the Olympics—Rome, 1960, the Governor of the State of Tennessee extends—Thanks of the State—to Edward Stanley Temple—September 1960.

He was also honored by the State of Tennessee, and was given a set of Tie Pin and Cuff Links with the Great Seal of Tennessee. Upon his return from the 1964 Olympics in Tokyo, Japan, where his "Tigerbelles" won two Gold and three Silver Medals, he was presented the "Key to the City of Nashville" and The Ambassador Award by the people of Metropolitan Nashville and Davidson County—"With Great Pride in your high honor at Olympic Games, Tokyo, 1964".

At the Premier showing of his film, "The Sprinter", sponsored by the Coca-Cola Company in Detroit he was presented the Key to the City of Detroit, and a Certificate of Appreciation to Edward Stanley Temple, who has earned the appreciation of the people of Detroit for an outstanding contribution to the development of U.S. Track and Field Athletes"—The Honorable Mayor, Jerome P. Cavanaugh, Mayor, 1963. He has also received keys to the cities of Paducah, Kentucky and Hanford, California. If you would like to see a free showing of his film entitled "The Sprinter", you may do so by request from your local Coca-Cola Dealer. Watch out for his book soon to be released by Prentice Hall, Inc.—"Run Fast; Jump High".

He received The Ralph Robinson Memorial Trophy as Track Coach of the Year, 1964, given by the 100 per cent Wrong Club and The Atlanta Daily World. He was chosen as Honorary Referee for the Second Annual Los Angeles Invitational Indoor Track and Field Meet, January, 1961.

He was honored by Gamma Phi Chapter of Omega Psi Phi Fraternity—"For Outstanding Accomplishments as Head Coach of the U.S. Women's Olympic Track Team". He has been honored by the Dayton, Ohio, Los Angeles, California, Detroit, Michigan, Chicago, Illinois and Nashville, Tennessee Chapters of The Tennessee Chapters of The Tennessee State University Alumni Associations.

He was also honored by The Gulf Oil Corporation for — "Untiring efforts and dedication to perfection in the Coaching of Women's Track and Field." 1964.

He was honored, along with Otto Graham, by The Varsity Club of Detroit, Michigan, 1964 "To Edward S. Temple," Who with the sure touch of the master craftsman used his keen insight and great skill to shape and mold the talents of those whose successes focused world attention upon the women athletes of Amer-

ica and brought honor and fame to the United States."

The above paragraph probably sums up better than anything the achievements and successes of a "Master Craftsman" whose talents have indeed brought fame and respect to himself, his school, and the United States of America.

Pi Phi Chapter Omegas at Charlotte Plan For A Full, Successful Year

Pi Phi Chapter Reports Successful Reclamation

Charlotte, North Carolina
 Never before has the circle been so firmly linked as it was at the September meeting of Pi Phi. Exhilarating is the word for the experience of seeing so many Brothers make their way back to the folds of 'Our Dear Foster Mother'. Rain-drenched we came — more than sixty strong. And with us came commitments for some eighty-six in all . . . merging our interests in a common cause—BROTHERHOOD.

WERE YOU THERE?

No re-dedication ceremony could possibly match the re-dedication of hearts and minds projected during the deliberations and ceremonies of that evening.

WELCOME HOME

QUETTES IN THE GOOD SHOWING

Under the able leadership of the vivacious and charming Quette Esther Hargrave, the QUETTES matched us in spirit during their September meeting.

I've talked with several of our lovely wives and sweethearts since their meeting and it was brought to my attention that their attendance would have matched ours but we, my brothers, forgot one thing — to tell them of the meeting.

SHORT SORTS

Brother Charlie Dannelly and Bro. Eddie Byers have been officially confirmed as principal of J. H. Gunn High School and Plato Pric School respectively.

Bro. Arthur S. Grier sent a special invitation to all of his Brothers and their families to visit the beautiful new Grier's Funeral Home on Statesville Avenue during 'Open House' Week, October 4 — October 10th.

Mardi Gras tickets have been distributed.

RECLAMATION COMMITTEE

The Reclamation Committee is pleased to announce that as of our first meeting, September 12, 1965, 86 brothers are affiliated with Pi Phi Chapter. We will try to become 100 per cent or more strong. This can be accomplished easily if each financial brother will bring one of the "STRAYS" to our next meeting. NOW is the time to get financial before arrear dues will pose a hardship. A great and fruitful year is in store for Pi Phi Chapter.

QUETTE CAPERS

The Quettes met at the home of Quette Elaine Brown, 1400 Waddell Street, on Sunday, October 17, 1965, at 5:30 p.m. Hostesses for the meeting were Quettes Elaine Brown, Hattie Williams, Evelyn Freeman, and Gwendolyn Cunningham. Plans are being made for the 6th District Meeting.

To begin with, it has already started implementing the reclamation program. This is the program that is highly endorsed by our Grand Basileus Brother Mears. At our last meeting the K. R. News and Views of the Sixth District

IS THIS SO???

It is becoming more and more evident that the chapters are looking to the District and National for direction. It is fitting that this should be so. For too long the National has been dependent upon the local units for the initiation of ideas and the question of its role is certainly open for inspection and evaluation.

This does not mean that there should be an autocratic situation but it does mean that there should be a National Program. At the present time we have a 'hodge-podge' of very good programs that originated in the various Districts and/or Chapters but, as yet, there has been no real synthesis.

What impact has our program made on the nation? We don't mean by Omega Men. We mean by the Omega Psi Phi Fraternity, Incorporated. Let's be real—Yes, we have very outstanding Brothers in all facets of our society but also think of how many of them that had to be coaxed back into our fraternal life after obtaining greatness.

Considering such as this makes more vivid the question of the role of Greek-letter fraternities in our present social

order. Where do we go from here? Behind what great movement do we rally?

The Headquarters Building has been built even though we are still in debt for it. But this debt is not a program that will fire men into the kind of united effort that is needed in our times.

"America's Responsibility for the Development of Human Talent?"

What is our conviction. Where are our directions? Certainly there are subtle indications but can we afford to be subtle?

The Sixth District has been responsible for many aspects of the present national programs. Should we not show the way even yet.

Where are **WE** going? What is **OUR** program? Can we sell it nationally?

How do we answer, for example, the question—"Reclamation for **WHAT**?"

How can we 'light a fire' under the National Committees and Commissions?

There's a Chapter in the District, by the way of further example, that is very disturbed over the time at which the National Achievement Week Committee sends out the theme and the difficulty experiences in obtaining sufficient information and materials. This Chapter has its plans completed by September for it begins work on the next year's program in December.

BROTHER ALEXANDER— BOMB VICTIM

The homes of Brother Fred D. Alexander, Dr. R. A. Hawkins, Atty., Julius Chambers and Mr. Kelly Alexander were the targets of nightriding bomb-throwing terrorists in the early morning hours of November 22 in Charlotte. There were no bodily injuries.

Brother Alexander is the first Negro in recent history to be elected to the Charlotte City Council and is a leader in the Charlotte-Mecklenburg Council on Human Relations.

Dr. Hawkins is a militant civil rights worker and political personality in the city. He is a past recipient of a "Citizen of the Year" Award from Rho and Pi Phi Chapters.

Atty. Julius Chambers is a graduate of the University of North Carolina Law School and was the Editor of the Law Review. He was recently appointed as United States Commissioner.

Mr. Kelly Alexander is the brother of Brother Fred Alexander. Mr. Alexander is the State President of the N.A.A.C.P.

It was ironical that some five hours prior to the bombing of his home, Brother Fred Alexander had been awarded the "Omega Man of the Year" Award by Rho and Pi Phi Chapters at their third annual awards banquet.

Integrated Teachers Discover That School's Just Like School In Charlotte

EDITOR'S NOTE: Racial integration of public schools in North Carolina has also involved teachers. A Negro teacher in a predominantly white school and a white teacher in a Negro school discuss their unusual positions in this story.

by Richard C. Bayer
Associated Press Writer

CHARLOTTE, N.C. — "I think any white teacher who goes to work at a Negro school is really going out on a

limb," said Willie Davis. "But all kinds of sacrifices have to be made for the common good."

Davis is a Negro teacher in the Charlotte-Mecklenburg County School system. When he got his assignment this year, it was for Alexander Graham Junior High, where about 20 Negroes go to class with 1,100 white pupils.

Although Davis gives credit to white teachers at Negro schools in the South, he sees nothing very unusual about being the only Negro teacher at a predominantly white school. His specialty is math and science and he doesn't go in for emotionalism.

"Truthfully, I had no idea what the situation might be like. But I surmised that it was simply another teaching assignment," he said.

Davis, 37, is a tall, lanky Korean War veteran who taught tactics to white troops. He has a master's degree from Columbia University.

"I end up with a number of students. Some are eager to excel and some aren't. There's no real difference from other schools," he explained.

Davis says he's heard no talk among his pupils that he is from another "ethnic group." And he thinks the faculty has treated him just as they would any other new teacher.

"In the final analysis, I can only be a teacher . . . and the students are students no matter where you find them," he said.

Psi Chapter Progressing With Dynamic Leadership

Atlanta Georgia

With all the talk going around about the "new breed," the new generation, and the "great society," leadership is an important subject. We at Psi took the subject very seriously in the election of our new officers for this year.

Our Basileus for the 1965-66 year is Brother Alfred McArthur Byrd. Brother Byrd is a senior from Carrolton, Georgia. He is a physical education major and an education minor. Brother Byrd is an outstanding member of the baseball team

Psi Chapter believes deeply in the four cardinal principles of our beloved fraternity. We do not try to rank either of these principles as being more important than the other. We simply try to uphold them all. We at Psi Chapter believe that our new spring inductees and our graduating brothers are living proof of how we at Psi try to uphold the Cardinal Principles of Omega Psi Phi.

Psi Chapter inducted into the sacred realm of Omega this spring 10 of the best men and scholars of Morehouse College campus. These new brothers had very high averages and very high recognition among their fellow Morehouse brothers. These new brothers are Brother Claude Boyd, George Brown, Zack Bernard Brown, William Brummell, Leroy McCloud, William Howard Gary, John Harper, Carl June Issac, Bobby Alex Meeks and Frederick Ransom.

Brother McCloud, Ransom, Meeks, Harper, Zack Brown, and George Brown are all Biology majors and Chemistry minors. Brother Boyd and Issac are Business Administration majors. Brother Gray is a

Psychology major and Brother Brummell is a Political Science major.

These neophytes participate in various extracurriculum activities also. Brother Meeks has received great acclaim as a track star in the SIAC and the Georgia AAU. Bobby runs the 440, the hopskip-jump and he is the high jumping champ in the SIAC and the Georgia AAU. Bobby has received first place awards in all of these divisions. Omega will hear more of Brother Meeks in the World Olympic.

Brother Carl June Issac is also a renown track star in the SIAC. Carl runs the 440, 220, 100 and he throws the javelin. Brother Issac has received many medals during his two years on Morehouse track team.

Brother Zack Brown shows great promises from his first year participating on the golf team. Brother George Brown shows great promises with the baseball team.

Brother William Gray has brought us great acclaim on the swimming team. Brother Gray is the SIAC "free style swimming champ."

Brother Andy McCloud takes care of the music end of this "line of fame." Andy is one of the greatest drummers to be found. He plays with a regular jazz band. Andy also renders his services to the marching band during football season.

Brother Frederick Ransom should receive special mention for his ranking number one in his class academically.

It is not only the brothers who enter Psi who uphold the Cardinal Principles of our fraternity but also the brothers who leave. Graduation this year was a most inspiring occasion. This is exceptionally true for any Omega man who was at Morehouse College graduation exercises, and saw 11 Omega men walk away with great honors. These Brothers were Benjamin Daise, Lenuel Elzy, E. Earl Gaites, James Jones, Richard Jones, Willie McCoy, Dorsey Miller, Alfred Neal, Norman Thomas, Carlton West and Joseph Williams.

Brother James Jones will enter UCLA Medical School in September. Alfred Neal will be serving in the Peace Corps. Lenuel Elzy will enter graduate school at Atlanta University in business. Brothers Dorsey Miller and Norman Thomas will be working with the Atlanta Board of Education. Brother Carlton West and Joseph Williams will enter Meharry Medical School this fall. Brother E. Earl Guiles will enter Harvard Medical School. Brother Richard Jones will take a teacher assistantship at Michigan State in Mathematics. Brother Benjamin Daise will be doing graduate work in Philosophy at the University of Texas. Brother Willie McCoy will be working with the Naval Weapon Laboratory in Virginia.

Psi Chapter is proud of her sons. Psi chapter's entering and departing brothers are examples of our Cardinal Principles, MANHOOD, SCHOLARSHIP, PERSISTENCE, and UPLIFT at work.

Smith, Dean of Pledgees; Charles Savage, Keeper of Records and Seals; Charles Elmore, Keeper of Finance; Arthur Williams, Chaplain; Shelly Vinson, Keeper of Peace and James R. Smith, Chapter Editor.

We have had a well-rounded program for the 1964-65 school year. Alpha Gamma was proud to induct the following gentlemen into the Spring Quarter's Lampados Club: Gregory Dawson, Oscar Owens, William Klett, Bennie Gottle, Phil West, Grady Mayfield, Harold Mungin, James Hines III, Samuel West, Quinton Jefferson, Cecil Strong, Louis Whitherspoon, Gregory Winbush, Walter Hughes, Robert Joiner, George Reeves and John Lang.

We have striven very hard to always uphold the principles of Omega. Our motto for the coming year is to uphold the cardinal principles at all times. Manhood, Scholarship, Perseverance, and Uplift shall long linger in our hearts and mind as we continue to initiate new brothers into the sacred folds of Omega.

On behalf of Alpha Gamma Chapter, we would like to extend our sincere thanks and gratitude to our past Basileus, James F. Neal and our past KRS, Curtis Fleming; who worked so delightfully to help our chapter grow. They graduated this June; and the chapter wish them a most successful future as they go out to burn high the lights of Omega.

Versatile Upsilon Sigma Terminates Another Fine Prize Winning Year

Under the able leadership of Basileus Andrew H. Carter, Vice Basileus Samuel D. Collins, Keeper of Record and Seals James W. Bunkley, Keeper of Finance Charles Knapper, Chaplain Walter C. Simmons, Keeper of Peace Robert Wade and Dean of Pledges Allen Smith and Walter Daniely, the Brothers of Upsilon Sigma have completed a rough but rewarding year. Many honors were bestowed upon Omega Brothers at the Fort Valley State College.

During the football season, Omega lead the team with quarterback, Bro. Homer Hill and Center, Bro. John Willis as Captains. Backing the Captains up were, Bros. Allen Smith, Grover Smith and Wilbert Williams playing a magnificent season. Bro. Allen Smith made the all SIAC, 1st team. He gained more than a thousand yards and made 9 touchdowns.

Upsilon Sigma starred on the Baseball team with Bro. Edward G. "Chico" Robinson, the leading scorer for the Wildcats with an average of 25 points per game. He is often called "Goose Tatum" because he has been an inspiring leader and team Captain whose praises are being sung by the College as well as the conference.

During the Spring Quarter, the Ques participated and won the intramural basketball championship, led by Bro. Almond Stephens, who now is known as "Intramural Coach of the Year." The Ques defeated the faculty for the final victory.

Upsilon Sigma and Lambda Phi jointly observed our National Achievement Week at the Fort Valley State College. Brother Wiley A. Branton, Director Voter Education Project of the Southern Regional Council of Atlanta delivered a most inspiring message on "Civil Rights, '64—The Beacon of Ordered Liberty".

Not only was Upsilon Sigma outstanding in sports, but because of the versatility of the chapter, we were able to win for the Ninth consecutive year, first place in the Alpha Kappa song festival under the able direction of Bro. Edward Moore with Bro. Ronald Ellis accompanying. The group sang two selections, "Recessional," words by Rudyard Kipling, music by Reginald DeKoven and "Amen", a spiritual arranged by Bro. William S. Mathis, Head of the music department at the Fort Valley State College.

Bros. Roosevelt Daniely and Charles N. Langston, Jr. were co-chairmen for our local "Omega Talent Hunt" program. This competition was being held between high school students in this area in order to select a student to represent us at the 7th District meeting in Atlanta, Georgia. Our hats off to Bros. Daniely and Langston for a well planned program. The College complimented the Fraternity on such outstanding program.

Brothers honored on the annual Honors Convocation program were Bros. James A. Westbrooks, Curtis Hill and Andrew Carter. Brothers who made Who's Who

Brothers George Canty and Charles Dallis were elected to serve as Chapter Advisors. Miss Cynthia Beatrice Hunt was elected as Chapter Queen.

The Chapter regrets the fact that Brother Charles N. Langston, Jr., Assistant to Registrar, who has served as advisor to the Versatile Upsilon Sigma for seven years, will not be working with us another year. Brother Langston has lead the versatile Upsilon Sigma to the point where they are now and we are grateful.

The Versatile Upsilon Sigma intends to continue making progress.

An Open Letter

Savannah, Ga.
ATTENTION: Brothers in Omega (Undergraduate Chapters)

Are we forgetting our cardinal principles upon which our beloved fraternity was founded? Are we sticking to the qualifications and requirements that our National Headquarters calls for? If at any point some brother or brothers have gone astray, please stop and think that you belong to one of the most important fraternities in the world. One that is based on **MANHOOD, SCHOLARSHIP, PERSEVERENCE** and **UPLIFT**. You represent an organization that stresses and practices brotherhood to the highest degree.

I have often wondered whether the chapters are sticking to the policies of the national headquarters in initiating neophytes into the sacred folds of Omega. I have often wondered whether the neophytes are meeting the requirements of the national headquarters or is there some special privilege to a lamp that is given by a brother which will enable him to cross the burning sands without meeting the requirements.

If at any time I feel that my brothers have gone to the point of letting someone in the fraternity without meeting the requirements, then I feel that I have the wrong conception of Omega. Brothers! I love Omega and I hope you feel the same way because we were made under its secret folds. Are we going to stand back and see someone enter Omega's sacred folds without meeting the requirements? Are we going to give special privileges to certain lamps? Are we going to stick to the principles of Omega? You will have to answer these questions yourself because you are the fruit of Omega. Represent it's name to the fullest.

Chapters of Omega, I beg you to please stick to the principles of Omega at all times. Don't let anyone slip in and for the sake of our beloved fraternity, please make sure that every individual lamp meet the requirements of Omega before he crosses the burning sands.

Your truly,
Brother James R. Smith

Upsilon Psi Makes A Clean Sweep

Bro. Anthony Sweeting

Tallahassee, Fla.

Upsilon Psi Chapter at Florida A&M University in Tallahassee, Florida made a clean sweep in the last campus election. As a result of the hard work, time and effort that was exerted by all the brothers during the campaigning period, the chapter got all the positions in which it had a representative.

Brothers Joseph Latta and Tommy Simmons are the new President and Vice President of FAMU's student body. These brothers worked quite hard to acquire their present status. Also, they are both eager to begin their year in office, there is much they have to do. They have promised the student body a successful year. They have promised to work hard, and believe me—they will!

Brother Anthony Sweeting came through the election as the new King of the Orange and Green. Brother Sweeting found the campaigning periods to be quite exciting and full of fun—at times. Incidentally, the Queen of the Orange and Green is Brenda Wynter, a Junior, who is also a soror in the Delta Sigma Theta Sorority.

New Officers Lead Beta Psi Chapter

Atlanta, Ga.

As the new school years begins Beta Psi Chapter regroups its forces after the loss of six outstanding brothers via the graduation route. These brothers will be missed by all but Beta Psi will speed on. We wish the graduated brothers Gods speed. Even though we have lost much, leadership is abundant at the house of Omega as attested by the following officers elected at the close of the 1964-65 school year:

William Gordon, Jr.—Basileus
 Calvin Sharpe—Vice Basileus
 Jesse Baskerville—KRS
 Eddie Phelts—KF
 Danny Bradley—Dean of Pledges
 Lee Singletary—Chaplain
 Dr. J. J. Dennis—Advisor
 Dr. E. F. Sweat—Advisor

The Brothers of Beta Psi have elected Miss Joyce Williams of New Orleans as "Miss Omega" for the 1965-66 school year. She is a charming, poised and most beautiful Senior who has captured the hearts of Beta Psians with her sweet and friendly personality. Her radiance is illimitable, and to know her is to love her. She is attended this year by Miss Justine Willoughby a Junior and Miss Vivian Snellings, a Sophomore.

Brother William Gordan, the newly elected Basileus, was also elected Second-Vice District Representative at the past meeting of the "mighty" Seventh held in Atlanta. Beta Psi will prosper under his firm and thoughtful leadership.

"New" Brother Washington currently resides in Natchez, Mississippi, but is a native of Mobile, Alabama. Congratulations, Brother Washington!

Eta Chapter Reports

Eta Chapter has made tremendous progress in the past few months and is now looking to the new school year with enthusiasm. We hope that we can make an even greater effort to promote the ideals of Omega than have been exhibited in the past.

Although our undergraduate membership is relatively small at the present, we are ably backed up by the members of the Lampodas Club. This promises to be a banner year for Eta Chapter and with the leadership of our Basileus, Brother Teddy Keyes and guidance of our advisor Brother Harold Spencer; we are sure to realize our goals.

In keeping with our motto "Friendship is essential to the soul," the members of Eta Chapter plan to perpetuate inter-fraternal relationships by taking the lead

Xi Omicron Chapter of Huntsville Names Their 'Man of the Year'

Huntsville, Ala.

Brother Clyde Foster was born in Birmingham, Alabama. Graduated from the Parker High School in Birmingham. Received his BS Degree from the Alabama Agricultural and Mechanical College, Normal, Alabama, majoring in both Mathematics and Chemistry. Upon graduating from college Brother Foster taught high school in Selma, Alabama for two years. In 1957, he was hired by the Computation Laboratory of ABMA at Redstone Arsenal, Alabama, later to be transferred to George C. Marshal Fight Center in 1960.

Several thousand Marshall Center employees belong to scores of civic organizations in North Alabama but Brother Foster does more than his part to help the people of his community.

Brother Foster, an Aerospace Technologist in the Computation Laboratory officially adapted an entire town. In 1964, Brother Foster was appointed Mayor of Triana, a sleepy little town of 250 people located within sight of the mammoth Saturn V Moon Rocket Test stand and bordered on the South by the Tennessee River. This little town laid dormant for 110 years.

Brother Foster became interested in Triana after marrying Miss Dorothy Harris of Triana, who he met while attending college. They decided to make their home in Triana.

Brother Foster devoted 8 hours a day to computers and the other 16 hours to Triana. He has spent seven years massaging the town back to life.

His job at the Marshall Center is equally complicated-except its technical instead of long range planning. He takes his civil service job and his outside Mayor's job as a challenge.

Since being appointed Mayor, he has completed many town projects as well as instigated many more. The town of Triana now has street lights over 60 percent of the area; 30 percent of the streets have been paved; received \$44,000 in federal funds to install a water system; re-

don, W. L. Burns, J. L. Cashin, Theodore Chambers, Ben T. Davis, T. V. Dawson, Clyde Foster, J. H. Gilchrist, William Goggins, B. L. Hayden, S. W. Hereford, J. H. Hicks, W. H. Hollins, George Howard, Lloyd Humphrey, Delano R. Hyter, Frank Jackson, Charles H. Jones, H. E. Jordan, W. H. Lewis, Lumon Morrow, S. C. O'Neal, R. J. Perkins, S. A. Sheffey, B. T. White.

Nu Epsilon Chapter: Edward Booker, Basileus; Joe Long, First Vice-Basileus; James Witherspoon, Second Vice-Basileus; Angelo Trimble, Keeper of Records and Seal; Phillip Glover, Dean of Pledges; Frank Robinson, Keeper of Finance; William Boyd, Chaplain. Robert Booker, Freeman Holifield.

ceived an aid in grant to start operating a day child nursery for children 2½ years to pre-school age; approval pending installation of water system for a 7 unit shopping center; a 20 unit low rental housing project and an 8 unit senior citizens home. The town participates in the presidents' head start program, has started a neighborhood youth corp. At present the town of Triana is negotiating for a commercial printing plant to hire 15 people.

Among his personal activities he serves as a recorder court judge (Justice of the Peace). He's a member of the Office of Economic Opportunity of Huntsville and Madison Community Action Group of which he is chairman of the Small Business Subcommittee. Their main goal for the year is to develop and improve the small business for low income families. He is an active member of the Cumberland Presbyterian Church, where he is taught an adult Sunday School Class for the past fifteen years. He is Captain of the Triana Improvement Voter League Committee. President of the West Madison School P-TA and has been for five years.

Civic activities do not end his work with people. As a representative of the Marshall Center, he makes lectures at high schools and colleges, has judged science fair exhibits and authored several technical papers; "Photogrammetric Data Acquisition" and "Smoke Trail Reduction Technique for Obtaining Wind Profile."

Brother Foster is looking ahead. Already he has looked into the proposed Warrior Tombigbee Waterway develop-

ment plan that might give Triana a lever due to low cost barge shipments.

Brother Foster has an optimistic enthusiasm for people and his community that he hopes will spread. Only time will tell whether or not Triana can be revived but if one year can be a measure on which to base the new future it is well on its way.

The Marshall Star, Marshall Center's weekly newspaper, saluted Brother Foster as the man of the week in 1964. The Ebony Magazine carried a story on Brother Foster and Triana in its March issue 1965.

Upsilon Omega Chapter Makes Great Strides Forward

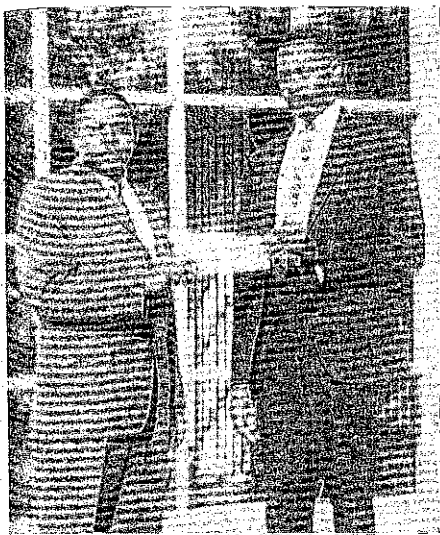

Photo showing Bro. Alonzo Brown, the District Representative, giving Bro. Edwin Bailey the National District Scholarship.

Under the leadership of Brother Edgar Eurnett the Basileus and Brother Leon Ashford the Social Chairman the Chapter has been quite active since the last issue of the Oracle.

In October a group of men from the

Upsilon Omega Chapter chartered a bus and went to Chicago for a Chapter interchange with the members of the Sigma Omega Chapter. During this weekend the Brothers in both Chapters demonstrated and proved their belief in friendship, the fundamental principal upon which the fraternity was founded. While in Chicago the Brothers attended a smoker and party given in their honor and a football game between the Bears and Rams. The trip proved to be quite successful in bringing the Chapters closer together and strengthening the bonds between the men of Upsilon Omega. After such a successful weekend the Chapters are planning to make this an annual event.

Besides going out of town to demonstrate "Friendship is Essential to the Soul" the Brothers of Upsilon Omega took time out since the last issue of the Oracle to come together and socialize with their wives and sweethearts at the Promethean Club. This social also proved to be truly successful and enjoyable.

Among the other important events of the Chapter was a workshop held by Bro. Alonzo Brown the District Representative when he came through St. Louis with some of the Brothers in the Graduate and

Undergraduate Chapters. The purpose of this workshop was to help bring about a better understanding about probates and probation week. Brother Brown also spoke on the relationship between the Graduate and Undergraduate Chapters and the National Body.

At the workshop the group was informed of the progress being made in getting more undergraduate chapters in our district. After the workshop Brother Brown the District Representative awarded Brother Edwin Bailey the National District Scholarship.

In the line of Scholarship the Chapter has also been busy. In September the Chapter awarded a Tuition Grant for Harris Teachers College to Robert Hickman a Soldan High School Graduate. Hickman was President of the Student Council, on the National Honor Society and active in all facets of school life. The Grant can be renewed after one year if it is found needed. The Quettes also gave additional funds to Hickman to help defray the cost of books and other materials. This will be given each year to go along with the Chapter's Tuition Grant.

FACTS ABOUT DETROIT

Keynoted by Detroit's \$100 million new Civic Center, a massive facelifting of the central business district is well under way. Among major new structures are the 14-story National Bank of Detroit, a Michigan Consolidated Gas skyscraper, a Greyhound bus terminal and a Detroit Bank & Trust headquarters.

With the aid of public planning and financing agencies, large tracts of substandard buildings on the perimeter of the central business area have been razed, and the land is being converted to modern housing, institutional and commercial uses. North of the downtown district, work is progressing on a \$100 million medical center, and the Wayne State University campus, museums and libraries are the nucleus of an expanding cultural center. Residential and shopping communities throughout the city are being refurbished.

Dillard's President, Dr. Albert W. Dent, Also Serves As President of National Tuberculosis Association

In the president's office at Dillard University in New Orleans, there is a large desk where most of the top-level administrative work is done. Near it is a coffee table flanked by two easy chairs. If a student wants to see the president about an important matter, it is in the informal setting at the coffee table that the two talk over the matter man to man. The desk is not used for this occasion.

The president of Dillard University is Dr. Albert W. Dent, who became president of the National Tuberculosis Association in May.

Dr. Dent has long held a professional interest in the field of health as well as in the field of education. Prior to his appointment in 1941 as president of Dillard, he was for ten years superintendent of the University's Flint-Goodridge Hospital, where he inaugurated a group hospitalization plan prior to the establishment of Blue Cross in New Orleans. In addition, he is past president of the National Health Council and has been a member of many commissions and other organizations of national and international importance in

the health field. For instance, when the World Health Organization was established in Geneva in 1948, Dr. Dent was a member of the U.S. Delegation. When the Commission on Hospital Health Care, appointed by the American Hospital Association, published its report in 1947, Dr. Dent was among the distinguished members of the Commission. This report later became a major influence for the Hill Burton Act, which allows federal appropriations for community hospital construction. Dr. Dent is a member of the Federal Hospital Council which is advisory to the Surgeon General in the administration of this Act. He is a member of the National Commission on Community Health Services, which is currently studying community health services, needs, and problems.

Dr. and Mrs. Dent live in New Orleans and have three sons. The oldest, Thomas, is a free lance writer. The second son, Benjamin, is a computer programmer with the Burroughs Company in California, and the youngest, Walter, is in law school.

it **Bro. McGregor Sets Fast Pace In Texas**

O. B. McGregor

Fort Worth, Texas

Brother Oran B. McGregor, Keeper of Peace, Epsilon Alpha Chapter, has set an enviable pace in the field of insurance in typical Omega fashion by being constantly named as one of the top managers in the National Insurance Association representing the Atlanta Life Company.

A native of Marshall, Texas, and graduate of Bishop College in 1949, he began work with Atlanta Life as a Special Agent traveling in the great state of Texas, and, after about a year and a half, he was named Assistant Manager of the Fort Worth No. 2 district.

Following a short and successful career in this position, his brilliant work and high praises from the national offices in Atlanta, Georgia, earned for him the title of Manager of the Fort Worth No. 2 district where he has served for thirteen years in this present position. During his tenure as head of district No. 2 he has qualified as a member of Atlanta Life's Exclusive President's Club six times, which means he had the best record of growth in his district's class in the Atlanta Life system. Along with this coveted honor, goes an all expense paid trip to the annual National Insurance Convention. He and his family attended the NIC in August and visited the New York World's Fair.

This is not a Texas brags item, but Brother McGregor's district can boast that it is the only district in Atlanta Life in Texas that has never had a bad year of growth in business.

He is married and the father of two lovely girls, ages 10 and 13, and lives with his wife, the former Eulalia Dunlavy and daughters Deitra and Michele, at 1808 Bunche Drive, Fort Worth, Texas.

The 'Sun Chapter', Sigma Tau, Of El Paso, Accomplishes Omega First?

El Paso, Texas

The National Headquarters Building of the Fraternity — yesterday's dream—today's reality, is an edifice of which all OMEGA men can be justly proud. That the members of Sigma Tau Chapter fully understand and support the aims of the Special Gifts Committee is evidenced by the fact that they, with one accord, have responded to the Committee's appeal. On November 6, 1965, each member of the chapter (10) contributed \$25 to assist in the liquidation of the mortgage of the National Headquarters Building. Sigma Tau members believe that theirs is the first chapter to achieve this signal accomplishment, or at least the first to proclaim it.

While Sigma Tau Chapter is a relatively new one in Omegadom (approximately 4 years), many of the brothers have had wide and varied experience in fraternity affairs at both the undergraduate and graduate level. The current membership is comprised of brothers from the El Paso, Fort Bliss, Texas — Las Cruces, White Sands, New Mexico complex. The

chapter's programs are positive, its sessions deliberate, and its contributions to various community projects have been many. Since the chapter's inception, Ninth District officials have been especially laudatory in their remarks concerning the fidelity and efficiency of Sigma Tau.

The chapter recently elected officers for calendar year 1966. Reelected were: Basileus; D. C. Johnson; Keeper of Records and Seal, Jethro L. Hills; and Keeper of Finance, Algie A. Felder. Newly elected officers were: Editor, Isaiah E. Barnwell, Jr.; Keeper of Peace, Herbert S. Hamilton; Parliamentarian, James O. Walker; and Chaplain, Jefferson Jenkins. Other members of the chapter are: Raymond E. Nelson, and Julius Bowman.

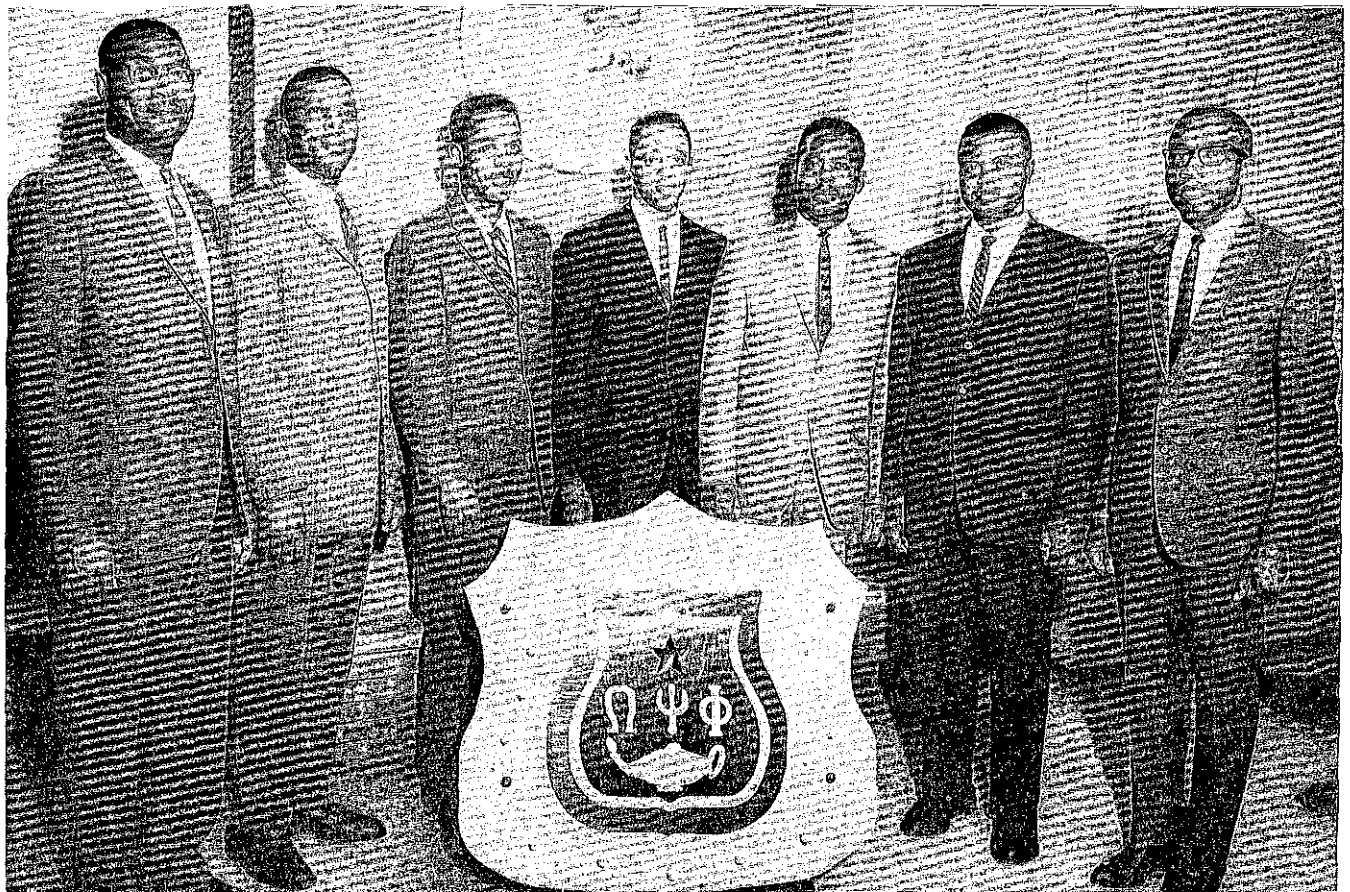

The newest member of the chapter is Brother Bowman. After a rigorous pledge period and probation, he was initiated on September 3, 1965 into the ranks of Omega. Brother Bowman is a 1953 graduate of South Carolina State College, Orangeburg, South Carolina. Brothers Smith, Barnwell, and Jenkins are also graduates of S. C. State.

Nu Chi Celebrates Achievement Week

East Saint Louis, Illinois

On Sunday, November 14, the Brothers of Nu Chi Chapter celebrated their annual Achievement Program at the Holiday Inn, in East Saint Louis. Brother Otis Morgan, local school principal, was chairman of the Achievement Program. Along with Brother Morgan, other speakers to address the Brotherhood were Brothers Frederick Birth and Bennie Donald, also, each Brother offered sincere and heart-warming remarks of rededication to the CAUSE of Omega Psi Phi.

Nu Chi Brothers opened the 1965-66 social season with a most enjoyable affair at the home of Brother Frederick Birth. The social fervor continued with a recent bus excursion to Carbondale, Ill. about a hundred miles from East Saint Louis. At Carbondale, a football contest between Lincoln University of Jefferson City, Mo. and Southern Ill. University of Carbondale, Ill. was witnessed. The L. U. Tigers were the victors by a score of 9-0.

The bus excursion also included a visit to the beautiful Giant City State Park near Carbondale, where superb services provided a delightfully tasty meal. Of course the Brothers were accompanied by their warm, gracious, and lovely Quettes as in all social sets.

The second house-warmer of the season was held at Brother LaSalle Johnson's home. Brothers Johnson, Erwin Dunn, and Frederick Birth worked splendidly toward the success of the November 6th affair.

The Chapter was happy to learn Brother Dunn had been named to the Housing Committee of the Tenth District of Omega Psi Phi.

Brother LaVerne Crawford is serving as the chairman of this year's Mardi Gras. He has finalized the plans for this ever popular affair. While the city awaits, the wheels of Nu Chi are turning in preparations for the grandest Mardi Gras ever!

Computer Machine To Select Iota Chapter's 1965-1966 Sweetheart

Chicago, Illinois

In what is believed to be a "first" anywhere, Iota Chapter of Omega Psi Phi Fraternity will use a computer machine to select its 1965-66 Sweetheart. Some twenty-six charming young ladies will not know their fate until Saturday, September 11, when the chapter holds its Sweetheart Dance at the Sheraton-Chicago Hotel. Entitled "Iota's Beautiful Maiden" (long for IBM) the dance will feature the music of the Jazz Men and will take place between the hours of 10:00 p.m. and 2:00 a.m.

In an effort to be as objective as possible, the members launched this novel plan some four weeks ago when they invited likely candidates down to the first house for a briefing session. One of the members of Iota Chapter — Benson Woods — is an expert computer machine operator and it will be his task to "stuff the monster" with facts and figures on each of the candidates (each candidate is known to the computer machine by a number only) so that when the final bit of information is fed into the computer on the day of the dance it (the machine) will eject the card of the contestant who has the most points, and she will be crowned Sweetheart of Iota Chapter, Omega Psi Phi Fraternity.

The girls' total point count comes from several categories including personality, talent, looks, etc. Each of the categories is assigned a given percentage of one hundred per cent; and each contestant's respective sub-totals will be added together by the computer machine to get the highest average hence the winner. Because the balloting by the chapter members on

two units will not take place until the day before the Sweetheart Dance, no one — not even the members of the chapters — will know the identity of the successful aspirant until the nite of the dance.

In order that none of the candidates would "lose", the chapter members have entertained the candidates with private parties each Sunday the last six weeks including an outstanding Bohemian Party given for the girls last Sunday nite. In appreciation for the many courtesies shown them by the fellows, the girls will turn the table and treat the men to food, drinks and a talent demonstration next Sunday. It will be the talent demonstrated at this affair by the individual girls that the fellows will use as a basis of marking the individual girl's score card as to relative abilities in that category.

Richard Smith is Chairman of the Sweetheart Contest and Bob Caldwell chapter Basileus.

Nu Omega Selects Dr. Charles Wright Omega Man of The Year

Detroit, Michigan

Nu Omega Chapter, mindful of the preamble to the Fraternity's Constitution in which these lines appear: "occupy a progressive place in the civil life of our Nation", and realizing the many courses of action which these words give meaning to, has searched diligently for the Brother who is the best living monument upon which they can be inscribed.

The civil life of our Nation includes getting involved in civil rights, health and welfare programs, voter registration projects, various civic responsibilities, scholarship attainment, academic achievement, legislative lobbying, and all fringes affecting the community life of our Nation and the World.

The Nu Omega Brother who stands like a beacon, flashing its light to guide the weary and lost traveler; spreads his hands like the life-giving rays of the sun, helping all within their grasp; untiring as the waves that splash upon sun-kissed beaches or rockbound coasts; scholarly as the great minds of Ancient Greece; sincere as the love of Romeo and Juliet, is so modest that he would ask, "Who is he talking about?"

This Brother was born in Dothan, Alabama on September 20, 1918 and graduated from high school there in 1935. He attended Alabama State College, Montgomery, Alabama where he majored in science and mathematics; was a student assistant in the Science Department; member of the Science Club; Basileus of Gamma Sigma Chapter; and graduated with honors in 1939.

A chronology of his education since then is:

1939-1943 — Meharry Medical College. Earned M.D. Degree.

1943-1945 — Internship and Assistant Residency in Pathology. Harlem Hospital, New York City.

1945-1946 — Residency in Pathology, Cleveland City Hospital, Cleveland, Ohio.

1946-1950 — Practiced General Medicine. Detroit, Michigan.

1950-1953 — Residency in Obstetrics and Gynecology. Harlem Hospital, New York City.

He then returned to Detroit to practice his specialty and has remained since that time.

In 1955 he passed the American Board of Obstetrics and Gynecology and became a Certified Specialist. During the same year he became a Fellow of the American College of Surgeons and four years later the American College of Obstetrics and Gynecology accepted him.

Since his return to Detroit in 1953, the following hospitals have added him to their staffs:

Burton Mercy Hospital, Consultant; Grace Hospital, Assistant; Sinai Hospital, Assistant; Woman's Hospital, Attending; Highland Park General Hospital, Associate; Boulevard General Hospital, Attending.

In 1963 he was voted Doctor of the

Bro. Charles Wright, M.D.

Year by the Detroit Medical Society and the same year was appointed Assistant Clinical Professor at the Wayne State University Medical School.

Since 1960 his primary interest has been the African Medical Education Fund which he helped establish. This organization's aim is to use its maximum efforts to improve the health of the African People by training doctors for Africa and making available assistance for anyone who agrees to practice in Africa. Several aspiring doctors are being assisted at the present time and several others are being considered.

As president of the fund, it is his responsibility to devise and promote fund-raising efforts to keep the program going. To this end he wrote and produced a play "Were You There?" from which the fund netted \$2500.00 at the first performance. More has been added to the fund by giving Benefit Balls in Detroit and repeating performances of "Were You There?"

He went to Africa in 1964 as a representative of the U.S. Government to do medical surveys in Nigeria, Liberia, and Sierra Leone and is scheduled to return in August, 1965 and complete a survey in Dahomey, West Africa.

This Brother has traveled in thirty-five of the United States; the Caribbean; Mexico; Africa; Europe and Canada.

Much of his time is given to community affairs including Patrons of the Arts, the cancer societies, Public Education Bureau and many other such organizations. He is a life member of N.A.A.C.P. member of National Medical Association and the American Movement having named first aid stations during the "Battle of Selma", and during the demonstrations in Bogalusa, Louisiana. He has taken his tape recorder into many sections of the South and taped for posterity elderly Negroes' eyewitness accounts of civic

and historic events.

In spite of his greatness, you may find him on his knees in the Omega House laying tile or with mop and pail scrubbing the floors.

In spite of his busy schedule he still finds much time to be a devoted husband to his wife, Louise and an attentive father to his two daughters, Stephanie and Carla.

Brothers I am proud to present Dr. Charles Wright as Nu Omega Man of the Year.

Brother Elvin Davenport was the principle speaker of the evening. Concluding, he warned that unless we discard the Negro mind, and develop the Universal Mind of Man, our cause is like ashes blown by the wind.

Brother Nicholas Hood spoke briefly and reminded us of the sacredness of the Ballot and of the people in many parts of our Country who are dying in order to secure voting rights for all people while many of us in Detroit bask in complacency, stay home on election day and many who go don't study the issues so they can vote wisely.

FACTS ABOUT DETROIT

A new freeway system knits far-flung neighborhoods and speeds traffic in all directions through the city. Its hub serves as the site of the gleaming, white-marble Civic Center.

Units include the 20-story City-County Building, Ford Auditorium, Veterans Memorial Building, Cobo Hall and Convention Arena. In one room, which may be subdivided, Cobo Hall offers 303,000 square feet of exhibition space, more than all the floors of the New York Coliseum put together. There also are meeting and dining facilities with capacities as small as 80 persons. Convention Arena has 9,531 permanent seats and can accommodate thousands of temporary seats.

Detroit's total valuation as assessed for tax purposes in 1961 was \$4,776,022,000.

Dwelling units in 1961 totaled about 1,153,000, with 86 percent consisting of single, detached houses. Some 71 percent of the units were owner-occupied, far above the average for metropolitan areas.

Pi Rho Chapter Becomes A Community Influence

San Bernardino, Calif.

Under the able leadership of Bro. Marion Garret, Pi Rho Chapter has grown to the status of "Greatness." Following the Cardinal Principles of the Fraternity. Pi Rho has taken her place in the high ranks of the community. The brothers are very active in the political and civil rights issues of their area. The chapter gave support to the Home of Neighborly service. Brother Farriel Dobard, director, to send a boy from an underprivileged family to summer camp. The Chapter also supported the Halloween Party given for all of the youngsters of the San Bernardino area. Pi Rho had a Fall Dance that drew over 600 guests. It was really a gala affair. The Chapter is now making plans for participation in the Conclave in Michigan. Brother Philmore Graham will represent the Chapter this year.

College scholarships, life memberships in the NAACP, annual contributions to charity programs, support Little League baseball and football along with Summer Camps for underprivileged children, are only a portion of the vast program of Pi Rho.

The Chapter has mapped out a program to spread the light of Omega throughout this area. Her goal is to make every man that sees her in action desire to be a part of her. The brothers felt that we should start from the inside and then spread outward. So it is the policy of the Chapter to give a social affair for brothers and wives only, once every three months. The brothers have thus far given a swinging cocktail party at the home of Bro. Robert McClinton, a luau at Bro. Jimmy Williams' home and a very active picnic in Corona. These social affairs along with the stag sets given after each monthly meeting has played a great part in the togetherness of the chapter. Although social affairs are great, the art of getting things done with a chapter that is 100 percent financial has done more for the chapter than anything.

August was election month for Pi Rho. Brother Marion Garret was re-elected basileus with the following brothers to serve under him:

Vice-Basileus—Roscoe Fortson
Keeper of Finance—Farriel Dobard
Chaplain—Robert McClinton
Parliamentarian—Theodore Tynes
Dean of Pledges—James Williams
Program and Social Director—Henry Holden.

The Chapter regrets the loss of three brothers due to change in job location. Too, the chapters they join, "Our unfortunate loss is your great gain." Bro.

Lambda Omicron Chapter Celebrates Achievement Day By Honoring Two Outstanding California Brothers

Los Angeles, Calif.

The Lambda Omicron Chapter of Omega Psi Phi, gave tribute to two local citizens recently at the Raffles Restaurant.

As part of its achievement week activities, a banquet was held in honor of George McGee and Albert Watson, Omega man and citizen of the year personality.

The dynamic Brother Carl Earles opened the affair with a laughter provoking joke, aimed at Judge Brother Tom Griffith.

Afterwards the audience of nearly one hundred, was entertained by the Earnie Roberts Quartette, who played musical selections featuring clarinets and French horns. The young high school students drew arousing applause on completion.

Guest speaker, Dr. Chris Taylor, captivated the audience with his "Dirksen like" tone, as he spoke on the "Negro progress in contemporary America." Taylor's speech ranged from the works of Horace Mann to the recent Watts Rebellion.

He warned that the Negro in America could not afford to become complacent, least he become victimized similarly to the Jews in Europe during Hitler's regime.

In naming George McGee as its man of the year, the chapter selected a truly dedicated individual who currently is the keeper of records for the Lambda Omicron Chapter, and one who has given

untiringly of himself for the cause of the fraternity.

The chapter recognized the fine qualities surrounding Albert Watson and the many hurdles that he has overcome in ascending to the presidency and ownership of America's only Negro owned and operated meat processing plant. For his efforts he was voted Omega Citizen of the year.

Achievement week, the theme "America's Responsibility for the Development of Human Public Talent," was concluded November 14, at a public meeting at 3:00 p.m., in the Golden State Mutual Auditorium.

Doris Davis, Compton's City Clerk, was the principal speaker. The program was under the auspices of Floyd Franklin, Arthur Glover and James Malvern.

Zeta Rho Vignettes

Los Angeles, California

Zeta Rho Chapter continues to mature into a place of prominence among the chapters of the Twelfth District of Omega Psi Phi Fraternity. Bro. Attorney Henry W. Sands became District Counselor at the last District Meeting, marking a first in the young history of Zeta Rho Chapter.

At a gala Sweetheart Reception held at the home of Bro. and Mrs. Leon Valdrey and hosted by the Quettes, three lovely young ladies vied for the vaunted title of "Miss Zeta Rho-1965." The eventual winner was Miss Gloria Ann Macklin, a sociology major at Long Beach State College and a member of Sigma Gamma Rho. Aply hosted by our Quettes, an air of fervidity prevailed as shrimp cocktails, beef tetrazini and champagne set the pace.

Participating jointly with the Los Angeles Area Chapters, a highly successful

Bro. Phillmore Graham will leave for Vallejo, California to work in the Navy's Metallurgical Research and Development Laboratory on the nuclear submarine as a Metallurgical Engineer. The Chapter wishes the best of luck to these brothers.

OMEGA AWARD

Albert Watson, recipient of the Omega's "Citizen of the Year" award, is congratulated by Attorney Carl C. Earles, who served as master of ceremonies at Omega banquet held recently at Raffles Restaurant. Watson was cited for his outstanding business ability. He is president of America's only Negro owned meat processing company.

formal dance was held at the International Hotel in April 17, 1965. Zeta Rho also held its annual Family Day Picnic during the month of July at Irvine Park in Orange, Calif. This affair afforded an opportunity for the brothers and their families to enjoy the outdoors together.

Constant change appears to be one of the earmarks of Zeta Rho. During the year we have witnessed the wedding of Bro. Richard Ralston to Miss Krista Balatony; the addition of twin girls to the Henry Pernells; a daughter to the Willie

Lucases; and a daughter to the Charles Peters. This is a significant departure from 1964's Bumper Crop of eight boys and one girl.

After a successful fund raising Raffle, Zeta Rho ambitiously continued its attempt to be a beneficial member of the community by doubling its efforts in sending four high school students to a leadership summer camp this year. Attempting to select capable youngsters from areas of Los Angeles which contain many youngsters who otherwise might never have an

outdoor camping experience, the chapter sponsored Harry Johnson of Carver Jr. High; Kenneth Hawkins, of Belmont High; Manual Perez, Markham Jr. High, and Roderick Henderson of Walton Jr. High (Compton).

Encamped with 200 other youngsters for seven days these youngsters received learning in the area of human relations and leadership. Zeta Rho believes this investment in the future of our country is not only beneficial to the individuals but to our society as a whole.
